

The National League of Professional Base Ball Clubs

R C A Building - 30 Rockefeller Plaza

New York

Sept. 30th '39.

Dr. F. C. Allen,
Director of Physical Education,
University of Kansas,
Lawrence Kansas.

Dear "Phog";

It has been many a year since such a long period of time has elapsed between some sort of a letter passing one or both ways.

Likley I have been the culprit but whether or no I want back on your mailing list.

I am feeling pretty fine; My foot is getting better and I have been able to "cavort" to some extent since about the 5th of August, when I discarded my crutches.

Marg was with me all summer being my "right leg" in more than one instance.

I know both you and Mrs. Allen will be interested in how my foot is doing. If I could get a little power in it it would be as good as ever----that is coming slowly.

I can never thank you "Phog" for your kindness to me last fall; Some time I hope to tell you the "low-down" on it all.

Kindest regards to Mrs. Allen, the family and you.

Cordially,

E. B. Quigley
Supervisor of Umpires.

P.S. I'll operate in several foot ball games; Not as referee though; I should be "Tops" when the basket ball season comes around;

Home after World Series!
