Mr. E. C. Quigley,
St. Marys, Kansas.

Dear Ernie:

Doubtless our letters passed in the
mail.

My position is this, Ernie. I would like to have you every game. But I would very much rather have the other people ask for you, as they have done. Then that puts me in a comfortable situation.

When many of these coaches see you working so many Kansas games they wonder "How come?" Of course, your residence, both at St. Marys and your farm at Williamsburg make it convenient for you and it is very pleasant for us to have you.

I know how busy you are and I want to assure you that it seems that I have been just as busy as I have ever been in my life, trying to set up this new department in a most favorable way concerning both efficiency and pleasant relationships.

Ernie, I rather hinted in my other letter that since I was not Athletic Director I could not promote the proposition of having you here to referee our frosh-varsity game December 1. I wish it were possible to have you for that game but you can understand that I am not Athletic Director and I do not want to ask those in authority to pay you a fee for this game, which may not develop into a very big thing.

We have a star personnel on the freshman team - Ralph Miller of Chanute, Engleman of Arkansas City, Jack Buckman of Argentine, Bobby Allen of Lawrence, Bill McKinley and Bill Hogben of Southwest High, Kansas City, and half a score of other very promising and prominent high school boys.
