

# YANKTON COLLEGE

YANKTON, SOUTH DAKOTA

DEPARTMENT OF CHEMISTRY

September 4, 1942

Dr. Forrest C. Allen  
Department of Physical Education  
University of Kansas  
Lawrence, Kansas

Dear Phog:

No doubt by this time you have heard that I have been selected as Director of Athletics and Head Coach at Yankton College, Yankton, South Dakota. I feel very fortunate in having been chosen for this position. I wish to thank you at this time again for the letter that you wrote to Dr. McCorison, the president of Yankton College, for I feel that it did much in helping them make their final selection.

Yankton is a typical college town. It is a little larger school than our Kansas Conference schools are, but a little smaller than the Central Conference schools. It has the usual college groups and organizations. We have a nice athletic program with good equipment. We have also a very effective intra-mural program which has been in force for the last few years.

I have always had the desire to ask you for a personally autographed picture of yourself to hang in my office. I have always admired Dr. Naismith's picture that hung in your office because I knew that you were a great admirer of his. I would like to have your picture hanging in my athletic office for the same reason. If there is any expense connected with such a favor I would gladly reimburse you for the same.

If you are ever in the vicinity of Yankton I would consider it a privilege if you could drop in for a visit.

Hoping this finds you and your family in the best of health and with kindest regards to them all, I am

Very cordially yours,

*Mano W. Stukey*

Mano W. Stukey

Director of Athletics and Coach
