

November 12, 1942.

Mr. Kenneth Smith,  
Lenexa, Kansas.

Dear Kenneth:

I got your announcement with a very enticing  
frontispiece.

I imagine that you cannot buy clubs, but I  
would like a No. 5 wood if possible to match my set. Dr.  
H. T. Jones, Irving Hill and I play a lot of golf together  
and Dr. Jones has a No. 5 club that I think is a dandy.

You will remember that my clubs were purchased  
by my friends in 1940 after we had beaten the University of  
Southern California in the Municipal Auditorium. If it is  
possible to purchase a club, won't you write me and give me  
the price for this club?

Very sincerely yours,
