Feb., 28, 1943,

Dr. Allen,
Lawrence Kans.

Dear Dr. Allen,

Harry and I were thrilled, that K. U.'s basket-ball team won the championship again. Then when we read in this morning's Star of the award of the "Basket ball Oscar" for all time, we were proud indeed. This is an honor which you have justly won and we know that all the boys who have been coached by you, will feel the same way.
