Director of Physical Ed.  
University of Kansas

My dear Phog:

This letter may be a little late but it is a most sincere one nevertheless. I want to congratulate the old master on the magnificent record again in basketball. The way these championships in basketball are coming around to KU each year is getting to be a bit monotonous. You helped the picture immensely this year however, by eliminating all other contenders and keeping the slate clean which is a superb record in every way. We are proud to know you.

Good luck and best wishes.

Cordially yours,

D. M. Swarthout  
Dean
