

January 12, 1942.

Dean E. B. Stouffer,
The Graduate School.

Dear Dean Stouffer:

I am sending you the two Kiplinger Letters that I mentioned in our conversation on the train Sunday morning regarding what Uncle Sam is doing in the way of the future unemployment situation and depression. I believe that the American Association of University Presidents should also be looking ahead.

If you want to pass these Letters on to the Chancellor before returning them, that will be fine.

Very sincerely yours,

FCA:AH

Director of Physical Education and Recreation,
Varsity Basketball and Baseball Coach.
