

I'm the one who wants to get out
of the Intr. Social Dancing class.
My reason is because I don't
have time. I have classes
until 11:30 A.M. when I set up
tables for lunch. Then I
work about two hrs. in the
aft. and study the rest of
the time because in the
evenings I practice b.b. until
approx. 10 o'clock, when I have
to go home and run a sand-
wich shop until eleven when
I start studying again. The
class would ruin this time
schedule and cut me out
of either much needed study
or some work.

Thanks you
