Coach Everett Dean,  
Stanford University,  
California.

Dear Everett:

I want to add my sincere congratulations for the tremendous showing of your fine team in Kansas City last Saturday night. I did not get to see you to tell you in person, but I was with my family in a box and you were showered with so many good wishes that I preferred to send mine by mail.

I think you have a grand group of boys and they deserve every honor. Your team was excellently coached and showed the fine effects of efficient and genteel handling.

Please convey to Dr. Davis and the members of the team my sincerest congratulations, and all good wishes to you.

Sincerely yours,
