Staff Sgt. W. R. Shaffer,
Headquarters Co., ERTC,
Fort Leonard Wood, Mo.

Dear Bub:

The address which you asked for is as follows:

Major Adrian H. Lindsey,
W.D.C.,
4th Army Headquarters,
Assistant G-3,
Presidio, San Francisco, California.

I trust that you will be able to have him help you for whatever you may ask.

It is indeed a pleasure to write a letter in your behalf. I am glad that you are well satisfied under the conditions, and I sincerely trust that you will be able to earn an officer's commission. It certainly does look as if many of the young married men of America are going to be called into the service right away. All of us are in this war up to our necks, and I am happy to do anything that will be constructive for the service.

I wish that you might have dropped in on us any time this winter and had seen some of our red hot games. Bub, it seems as if none of these games ever cool off here in Lawrence. For the last three years we have had double overtime games or overtime games with the Aggies. Then we go out to Manhattan and knock their ears down emphatically. But they have certainly given us a lot of trouble here. We didn't lose a game here, but the game with Denver was won in the last 30 seconds of play and the game with the Aggies in the last 15 seconds went into an overtime and then we went on to win, but it had everybody limp and almost lifeless. The people here at home say that it is necessary for them to bring their physician with them.

When you write him please give my kindest regards to
