

702 45th Street Place
Des Moines, Iowa
February 27, 1941

Dear Phog:

Fred and I have been trying to work out some way to get a rip-roaring good Kansas meeting up in this country. Last fall we had about 30 out to an Ames luncheon at the Kansas-Iowa State game.

We had though this year would be an excellent one for a banner meeting. It would be except for an Advertising Gridiron here in Des Moines. Several of our good Kansans are going to spend five bucks for a ticket to go to this when they could come up to Ames and see a championship game. Even so we will have several couples driving up.

I really doubt if we will have enough room in the cars returning to Des Moines to give transportation to very many members of the team. We would certainly like to very much, but the other March 3rd entertainment here in Des Moines has cut out our best transportation possibilities.

I hope this information is not too late for you to still make satisfactory bus arrangements for getting the team to the train that night after the game at Ames. In a pinch, we could scare up extra car space from other Des Moines attendants at the game.

I will see you there. Surely wish you lots of success at Lincoln.

With kind regards.

Sincerely yours,

Lester Suhler
