Dear Doc:

Last fall Judge Stover with whom I am associated called my attention to the very splendid article published concerning yourself and the K.U. Basket ball team. I have long planned to write you and call to your attention that the report did leave out that you always had a regular pew at the Methodist Church. The K. U. grads here are all excited to see a big six championship this year and I am personally hoping that it comes down to the University of Kansas and Stanford. Judge Stover's boy attends Stanford. Perhaps we could adjourn from work to see such an exciting game if you will arrange to do your part.

Engleman was doing some ushering at the church when I was there at school and I would appreciate your giving my personal regards to these boys--Engleman and some of the rest who ushered at the church and were freshman.

With kindest personal regards and wishing the team every success, I am

Sincerely yours,

Dale E. Shannon

P.S. If you are ever in this country, don't forget that I would be very happy to have the pleasure of taking you to dinner. Do you still remember the time the tract team won the dual meet at Missouri and the feed we took advantage of at the cafeteria in K.C.?
