My dear Dr. Allen:

I noted with a great deal of interest the comments which The New York Times recently carried on your talk given in New York City in respect to basketball for Junior and Senior High School youngsters.

Are you by any chance planning to attend the National Convention of the American Association for Health, Physical Education and Recreation at Atlantic City this spring from April 30 - May 3? If so would you be willing to appear on the program of the Men's Athletic Section on Thursday afternoon, May 1 between 2:00-4:00 o'clock with a twenty-five minute paper covering this important and timely topic as it concerns Junior and Senior High School boys? Or should you plan to be present at Atlantic City and agree to speak on this program, what would be the subject of your talk should you not care to talk on this one subject?

I would appreciate very much having an early reply from you regarding the above mentioned matter.

With best wishes for the New Year.

Cordially yours,

Harry L. Samuel, Director
