

have been working up
here I have been arguing
about Kansas & Indiana
basketball. They tell me
how Ind plays better basket-
ball than any other part
of the country. I heard
Chuck Taylor, one of their
own boys, say these H S
teams around here don't
play like they do in Kan.
but still they don't believe it.
So it was a natural when
your team & Ind. should
play in the Natl. finals
Sat. All the fellows I work
with are after me to bet
& Coach, although I rarely
bet. I am taking all that
want to bet me - of course
only a dollar apiece but
you should see the numbers
