

March 2, 1940.

Dr. M. W. Sterling,
1129 Louisiana St.,
Lawrence, Kansas.

Dear Dr. Sterling:

My time has been so fully occupied the past few weeks that I still haven't been able to get away for a visit with you. Tuesday and Thursday mornings I have classes from 9:30 to 12:30, and I have been out of town much on basketball trips, so it has been impossible for me to see you.

We leave Sunday night for Omaha where we play Creighton University on Monday, and then we play at Norman on Friday.

I have really made an effort to see you, and just wanted you to know that I do intend to drop by your house before long.

With best wishes, I am

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
