Mr. Raymond Swanson

Dear Mr. Swanson

I have your letter in which you state you are interested in the position of junior high school coach in the Salina schools.

Since you have already filed your credentials with our superintendent, Mr. Hawkes, the matter will come up at the proper time in our regular board meeting. I shall certainly give your application every consideration since you have graduated from the University of Kansas and have had additional advantage of training under Dr. "Pog" Allen for whom I have a very high regard.

Very truly yours
