

October 25, 1939.

Mr. Limon E. Stiles,
Connecticut Mutual Life Insurance Co.,
521 Wheeler-Kelly-Hagny Bldg.,
Wichita, Kansas.

Dear Mr. Stiles:

Thank you for your very kind letter of the 24th instant. I would be glad to come if I could arrange it. However, at the present I am up to my ears in administration problems, having the promotion of the Coaches Association, the Rules Body and the Basketball Tournament in Kansas City this spring. This is quite a sizeable job, besides all the other details, one of which is coaching the University of Kansas basketball team.

I would be glad to do any of these things that would be helpful to any organization in the state. After all, we do operate a service department here, and if I can be of any service to any corporation in the state it will be a pleasure to do so.

I have no other engagements in or near Wichita. I spoke for Principal Brooks at two of the high school assemblies last year, and a couple of years ago I was in Wichita on an inspection trip through the public schools with Mr. Strong Hinman. It might be possible for you to arrange some sort of a trip whereby I could speak at the two high schools in connection with your program.

My lightest days, so far as my teaching schedule is concerned, are Tuesday and Thursday. On Monday, Wednesday and Friday I have classes from 9:30 to 12:30. In the afternoons I have basketball practice on Monday, Tuesday and Thursday.

After you have checked your calendar I will be glad to hear from you again.

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.

Dr. Forrest C. Allen
Athletic Department
University of Kansas
Lawrence, Kansas.

Dear Dr. Allen:

It has been several years now since I have had the opportunity of seeing or talking to you but if you will try real hard, I believe you will remember who I am.

It so happens that I am on the Program Committee of the Wichita Life Underwriters' Association. This Committee is endeavoring to have outstanding speakers from all over the United States talk to the Association during the coming year. From my experience in school, I know that you are a very splendid speaker. I also know that you put more emotion behind your thoughts and ideas than almost any man I have ever heard talk and I am sure the entire Association would consider it an honor if you would consent to talk to us some time during the coming year.

I thought it possible that some of your athletic activities might bring you in this part of the State at some future date at which time we might perhaps make convenient arrangements for you to talk to us at that time. If you will consider speaking to the Wichita Association I will correspond with you further as to the time, subject, and expenses.

I would appreciate an answer to this letter as soon as it is convenient for you to reply.

Sincerely yours,

Limon E. Stiles

Mr. Lawrence Stoland,
1326 Fremont,
Manhattan, Kansas.

Dear Lawrence:

I am very pleased to have your letter of Thursday telling me that the shoulder brace is working satisfactorily. I am happy for this.

I was disappointed, however, to read of your ineligibility. I was hoping to see you in the game here next Friday.

With continued best wishes and hoping that no ineligibilities will mar your future desires to play, I am

Sincerely yours,

FCA:AH

Dr. Forrest C. Allen
Department of Physical Education
University of Kansas
Lawrence, Kansas

Dear Dr. Allen:

I find that your shoulder brace works very well and I am sorry that I cannot put it to better use this season. I was ruled ineligible this semester because of some incompleting correspondence credits.

Respectfully yours,

Lawrence Stoland

Lawrence Stoland

October 28, 1939.

Mr. Oran Shearer,
Allison Intermediate School,
Wichita, Kansas.

Dear Mr. Shearer:

Dr. Vernon W. Lapp, formerly on our staff here at the University of Kansas, has asked me to notify the officials at Wichita that he will be unable to appear on the program of the State Teachers meeting at Wichita this fall. Dr. Lapp is in business in Richmond, Michigan, and feels the distance is too great for him to make the trip.

If you are not the person to whom this information should come, would you kindly pass it on to the proper official?

Sincerely yours,

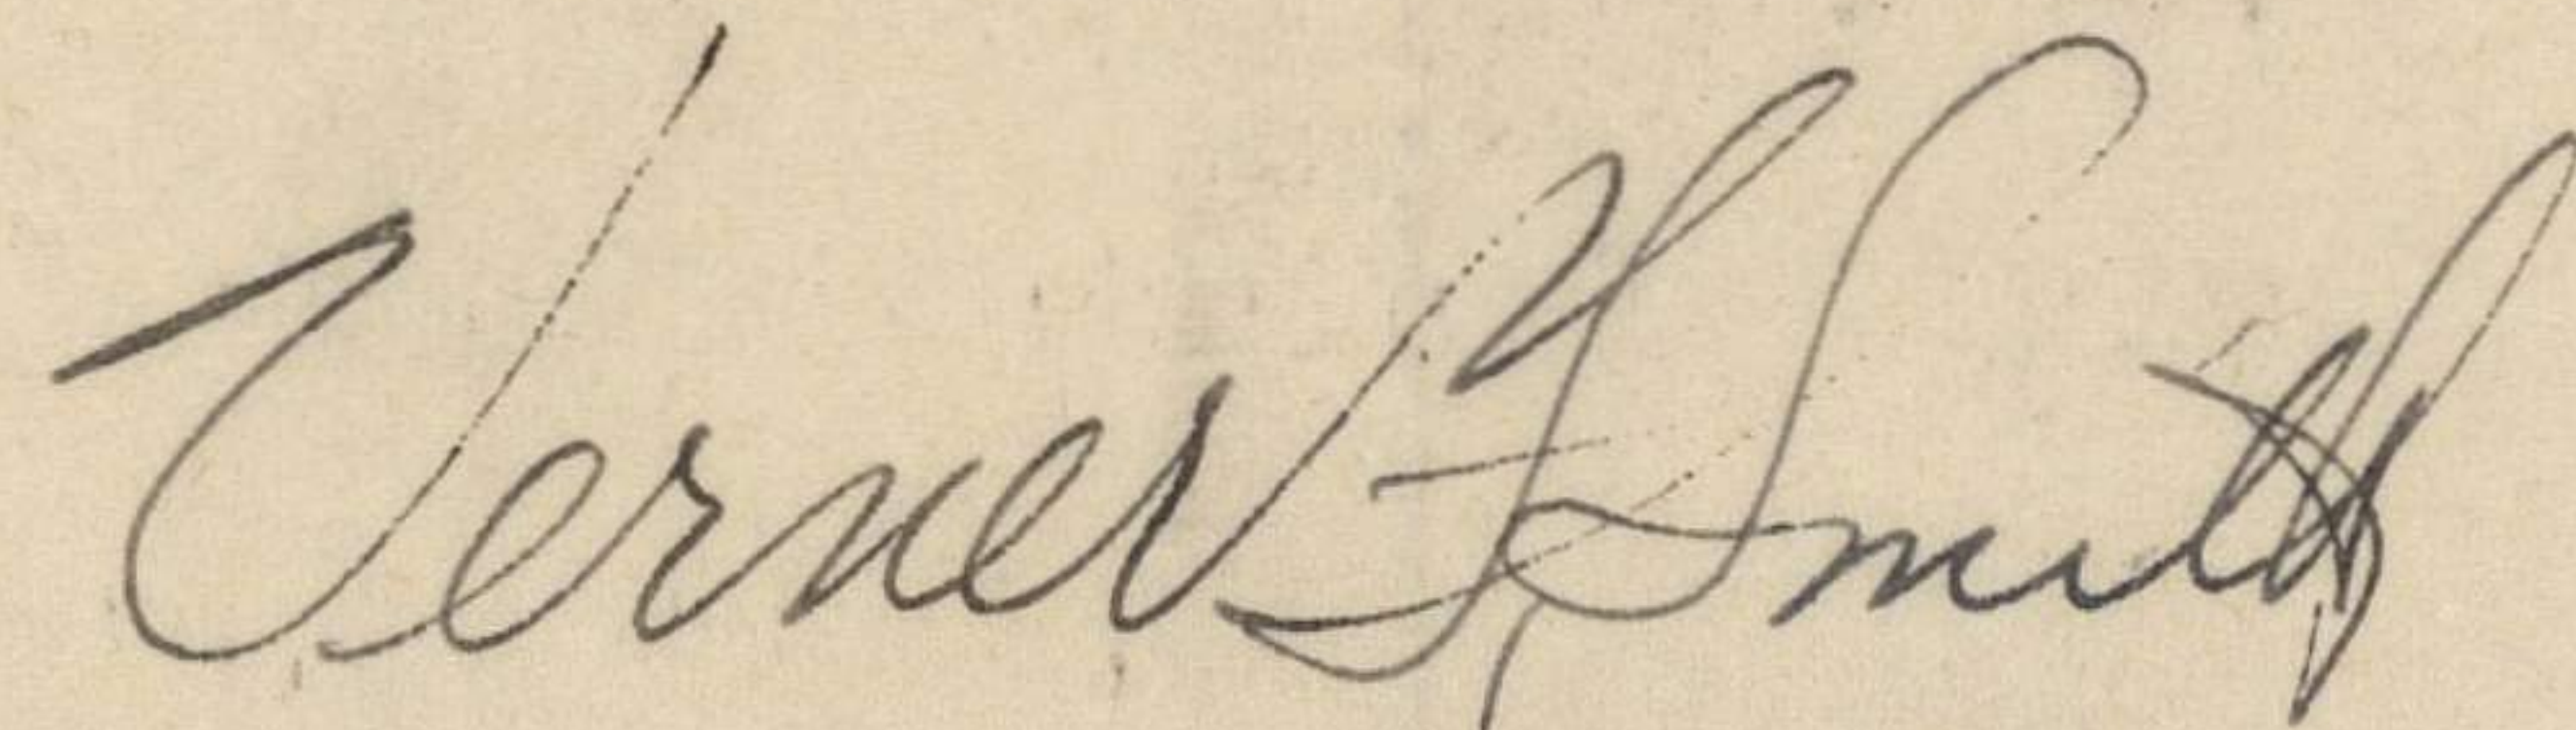

Secretary, Dept. of Physical Education.

October 31, 1939.

Mr. Ted Shane,
Ridgefield, Conn.

Dear Ted:

I would be glad to collaborate with you in preparing an article on the subject mentioned in your letter of the 24th, but I would not want to criticize the officials. I am sure that you can understand that it would be unethical for a coach to tell what is wrong with officiating; a writer could do it all right, but it would look as if the coach had a sour and dour reaction toward the professional work of officiating.

The officials would hold that they were doing just as good a job as we, the coaches, were. While there may be some things wrong with officiating, I do not think it would be ethical for me, as a coach, to criticize the officiating.

I am very grateful for your thought of me, but in view of the reasons just mentioned, I do not think it would be wise for me to collaborate with you on this article. I trust that some time in the future we may get together on a subject of mutual interest.

With best wishes, I am

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.

Oct. 24th, 1939

My dear Dr. Allen,-

I wonder if you would like to collaborate with me on an idea for an article which Colliers has expressed deep interest? The subject is "Over-whistling--and Will It Ruin Basketball?" or words and ideas to that effect.

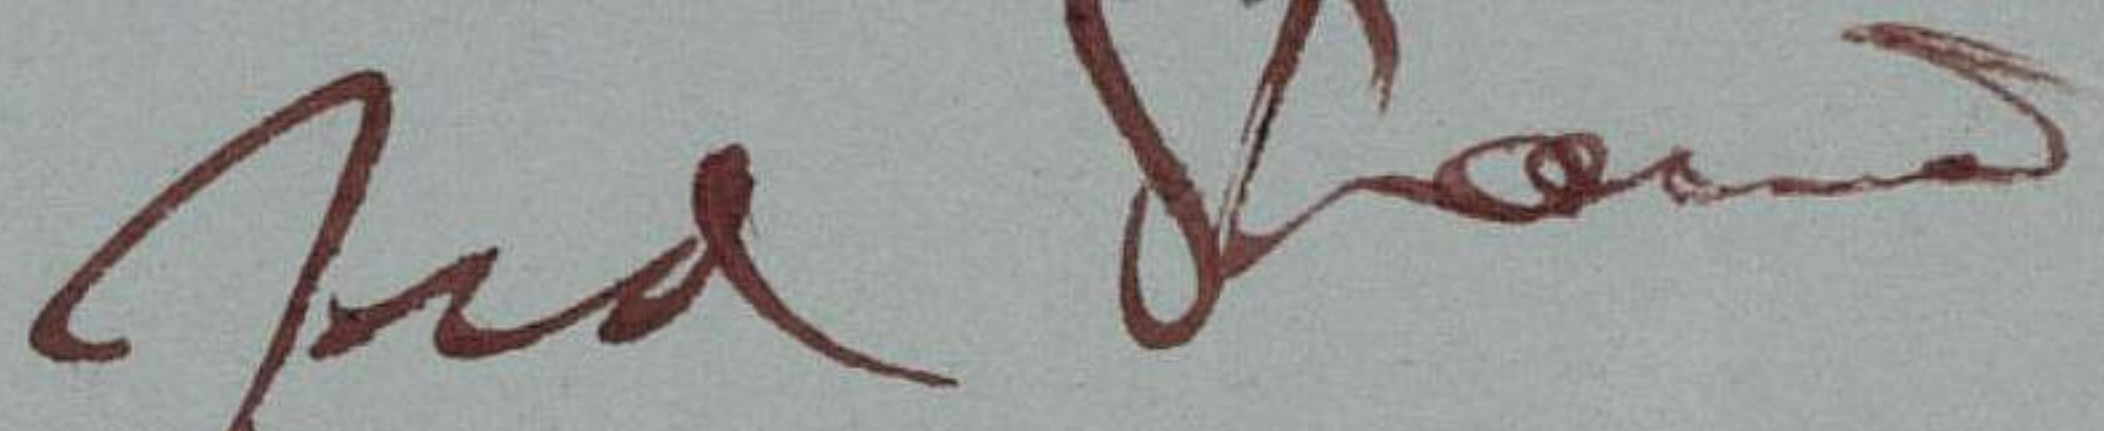

In other words, it has always seemed to me that basketball is spoiled for the spectator by foul rules and by overzealous interpretation of same by officials. Just when the play is getting interesting the whistle blows and trips up the thrill.

The idea would be to write a stirring editorial against the practise, providing plenty of incident and horrid example.

I am certain that besides having a spectator value, many coaches all over the country would be pleased to see an intelligent criticism of the game's chief evil. I realise that such a story would not be entirely favorable to officials but the good it will do should offset this. I know that coaches who bring their teams to New York are particularly bitter about the whistle.

In any case, I trust we can get together. I am sure it will be a provocative and useful turn we're doing.

Yours sincerely,

I would appreciate a quick reply, as the magazines are getting their basketball ideas together now.

SUBJECT THE FIRST FIFTY

Mr. F. C. Allen, Director Physical Education
University of Kansas
Lawrence, Kansas

Dear Mr. Allen:

In connection with the fiftieth anniversary of Standard Oil Company (Indiana) an independent writer, Fortune-trained Mr. F. Lawrence Babcock, was asked some months ago to write the story of this Company's development and present-day significance.

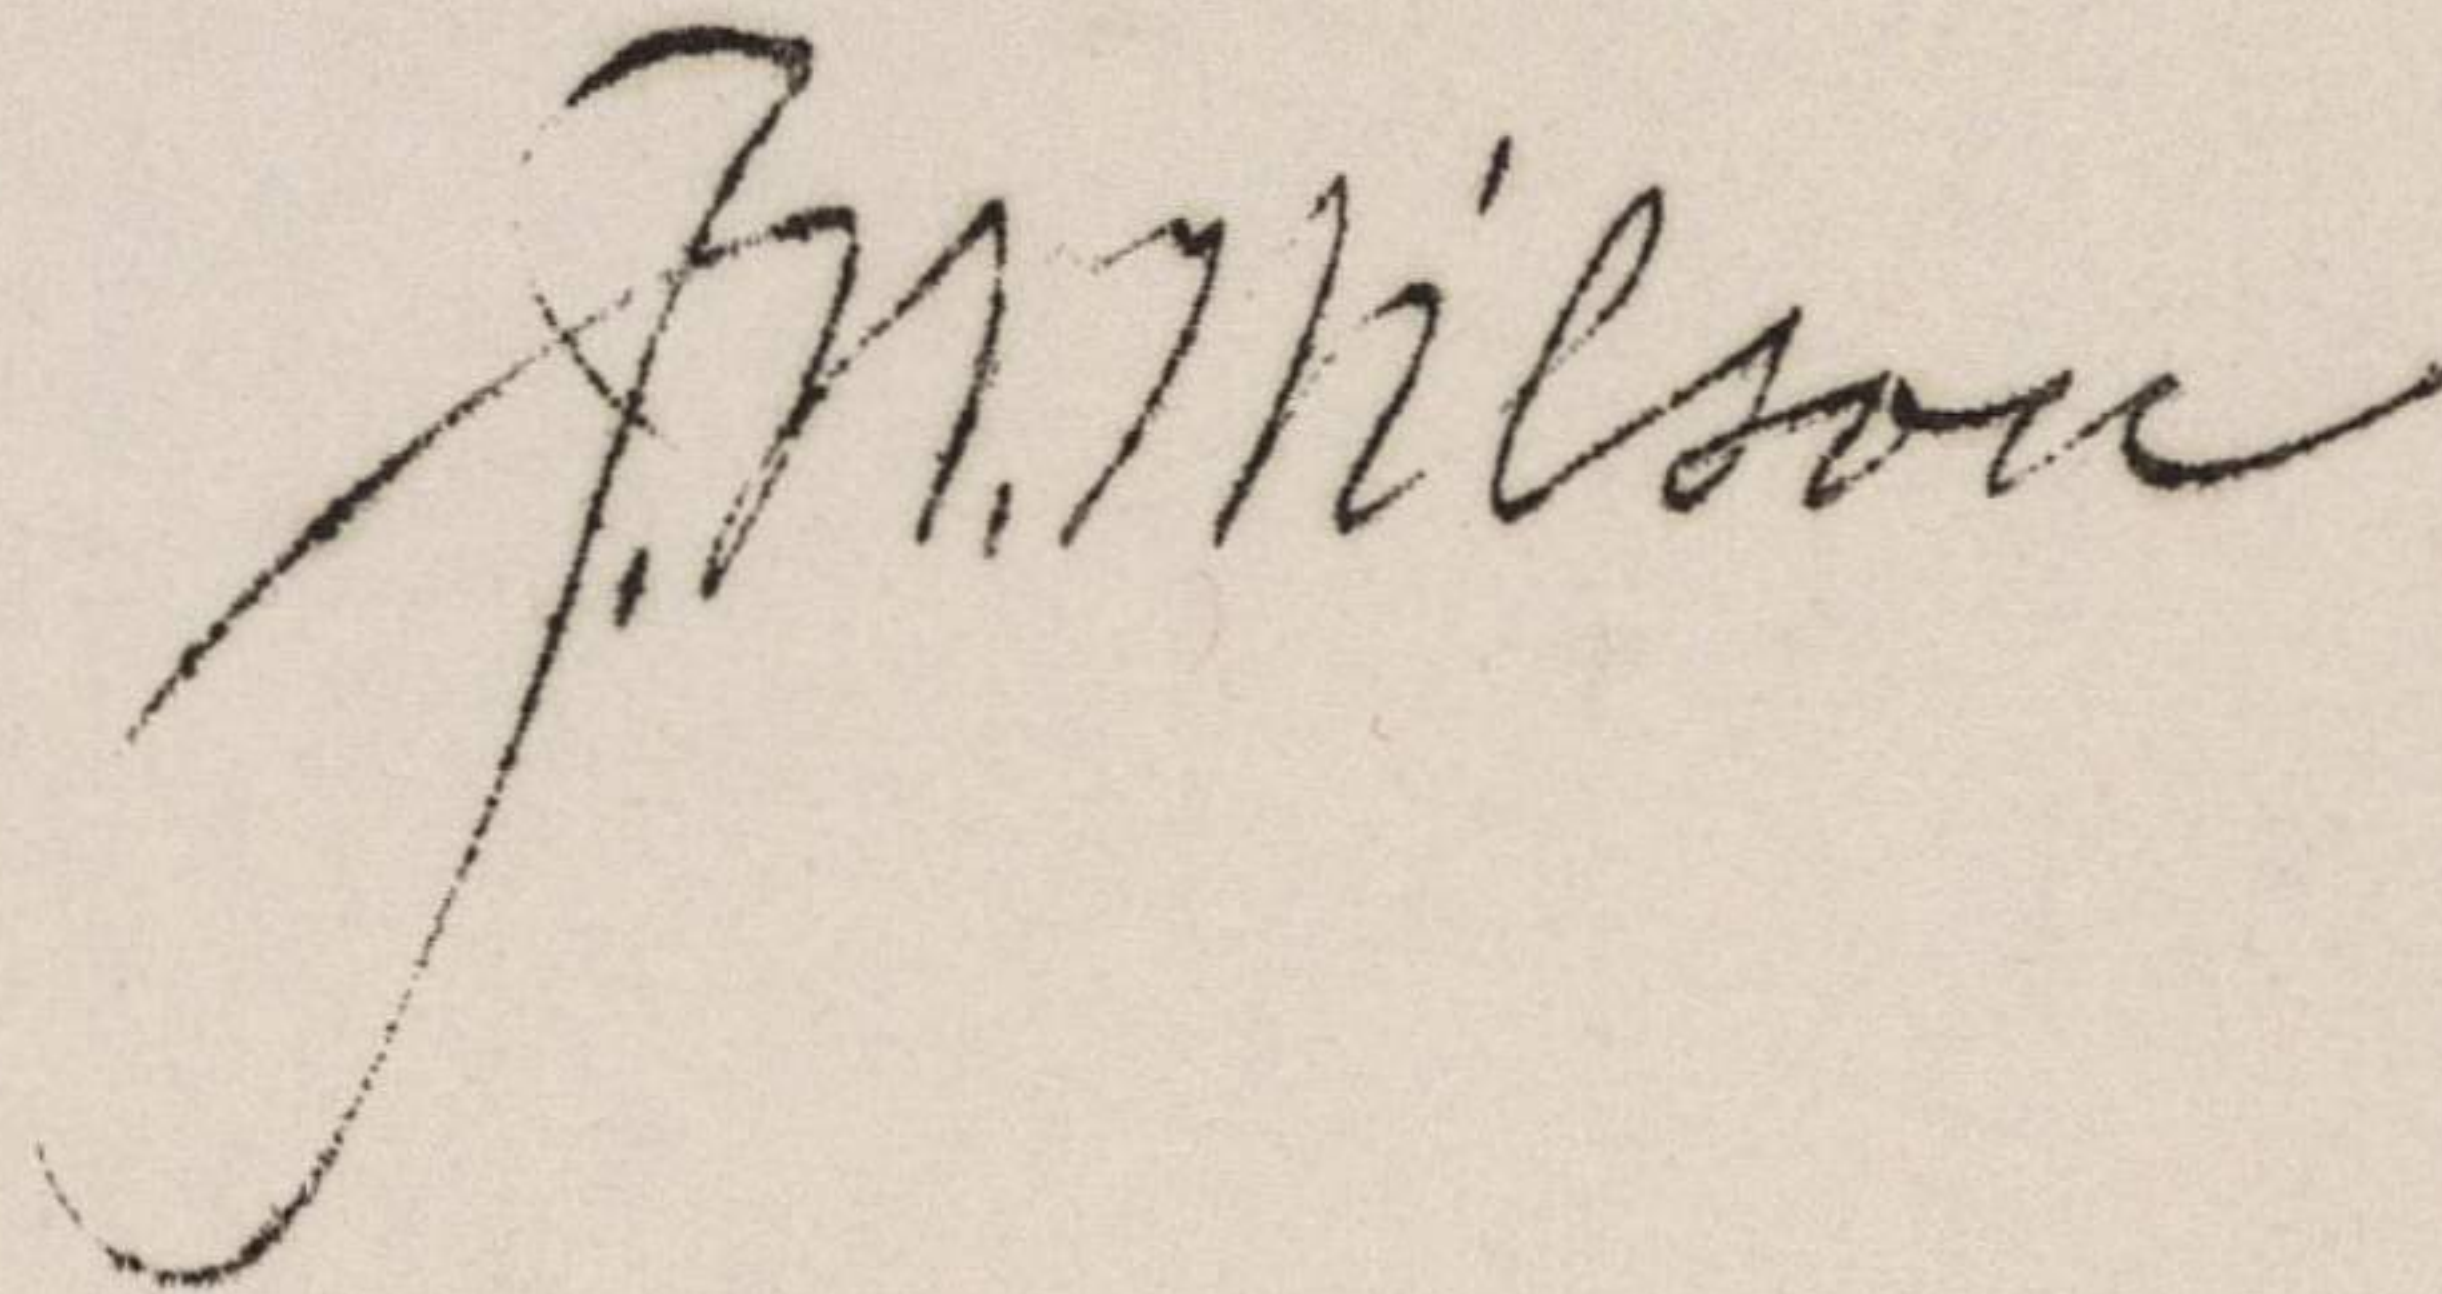

The result is embodied in THE FIRST FIFTY, a liberally-illustrated 60 page book which we believe to be a notable addition to the information available in print about American business and industry--particularly that portion of it provided from the point of view of business itself.

We are sending you a copy in the hope that you will find it interesting and educational. If you do not care to give it a permanent place in your files or library, please pass it on to someone else who may enjoy it.

If you feel moved to any comments on the book or its contents we shall be glad to have them.

Sincerely yours,

JWW:ND

November 13, 1939.

Professor M. W. Sterling,
1129 Louisiana Street,
Lawrence, Kansas.

Dear Professor Sterling:

Some time ago Mr. George O. Foster gave to the Athletic Office a picture of John J. McCook, and after my demise as Athletic Director the picture was taken upstairs. I desire to have the Men's Student Council take cognizance of Mr. McCook's gift of McCook Field to the University. I have also asked that his picture be put in a conspicuous place in the Union Building, perhaps the trophy case.

I am writing you for some information that I would like to pass on to them. How much did John J. McCook give to the University in the way of land or money? And in what year? What year was McCook Field built, and was the baseball and football grandstand a part of the gift?

Any additional history that you may give in regard to this will be greatly appreciated.

Very cordially yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.

Dr. J. C. Allen:
Kansas University,
Lawrence Kansas.

Dear Dr. Allen:

Last year, I sent a boy to you with a knee injury, for whom you corrected, so that it never gave any more trouble.

I have another boy who has a weak knee, but seemingly of a different nature. I don't think the knee has ever given him any serious trouble. However, to get his folks' permission to let him play, I promised I would get the knee examined. He is a Jr., and 6' 6" and I believe has great possibilities, so, naturally I am much interested in getting him out for basket ball.

Now I am wondering if I might bring him down for you to examine. This has all come up rather sudden for me, and I would like to have it done as soon as possible. So I am asking about this coming Sat. A.M. If that will be all right with you, please ^{wire} write us, at our expense. Now if this isn't satisfactory
