

September 11, 1939.

Mr. Ralph Schaake,
Williamstown, Kansas.

Dear Ralph:

I am enclosing a letter which is going to all the
varsity basketball team.

We have just checked up on your eligibility and you
don't look like a champion when it comes to getting in
your correspondence lessons. All you have to charge this up
to is failure to do things on time. Sure, a fellow works
on the farm, but if he puts first things first he will get
it done in ample time. So don't drag along the last few
days before school and then feel abused because things have
been too tough. Just do the job on time, Ralph, and you will
be happier and everybody else will be more comfortable.

With best wishes, I am

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
