Dear Alan:

I want to thank you as president of the Ku Ku's for your fine cooperation in contributing something very definitely to the morale of the student body, which in turn was reflected in the fighting spirit of the team last Saturday night.

Thank you for taking care of the distribution of the cards to the student body, and for arranging the pep rally just before the game.

I will appreciate it if you will express our thanks to your fine organization.

Cordially yours,

Director of Physical Education,
Varsity Basketball Coach.
