Mr. J. Sam Barry,
Basketball Coach,
University of Southern California,
Los Angeles, California.

Dear Sam:

I am glad that you have both Indiana and Purdue on the Coast for this year and that you are going to play them in 1939 at your place.

I would like to take the boys to Los Angeles for a Christmas trip, and I am wondering how about playing your school in 1940 at either Los Angeles or here, and in 1941 at the second place.

When I was director of athletics I endeavored to hold down the expense and did not promote basketball unduly. I am now free to step out with my sport as any special sport coach can do, and for that reason I would like to schedule a game in L. A. We could play a series of three games at a reciprocal guarantee, and I am very sure that we could make some money at both places.

I would much prefer playing U.S.C., but if you find that it will be impractical for you, I am wondering if you can give me some information on U.C.L.A. I have only met Caddy Works one time and do not know him well enough to promote a home and home series. What is your notion of an arrangement with them in the event that you feel you could not schedule a home and home series?

With kindest regards, I am

Sincerely yours,

Varsity Basketball Coach,
Director of Physical Education.
