Dr. F. C. Allen
University of Kansas,
Lawrence, Kansas.

Dear Doc:

I was very happy to get your letter, and also a copy of the one you wrote to South Dakota. I doubt if I have much chance at the job but I don't believe it hurts to try to better yourself.

I sent an application the day I received your letter, so I should have an acknowledgement of same by the first of the week. I haven't sent any recommendations as yet, thought I should wait until I heard from them.

I have also written to Oklahoma City University. The coach there was ousted and I know the Athletic Director. He is Melvin Binford, who used to be at McPherson College. I just wrote him a personal letter to find out if they already had their man picked out. Will let you know if anything turns up at either place.

Sincerely yours,

Elmer Schaefer
Coach.
