Dear "Phog":

Just a line to say that I regret not getting up to play for you between halves at the basketball game last Friday.. It happened that I had to get down to St. Louis on Saturday; then due to business was unable to go.

Want to thank you for the privilege of playing with Jim Kell yesterday in the Auditorium. Its a fine place to play. The floor reminds quite a little of the Queens Club Courts, London---

Best regards,

Hal Surface Jr
