

November 12, 1937.

Mr. Chas. Seymour,
Spalding Athletic Goods Co.,
Salina, Kansas.

Dear Charlie:

I have written to Miss Miller, at the Kansas City office, asking her to send us samples of the green cotton shirt and the green pants, but so far we have not heard from her.

I think now I will change to green wool, as the colors will be better in wool. I want to know if you have this stuff in stock, because the time is getting short. I want the Irish green.

If the green shirt has a white band across the chest that will be all right, as we can put green letters on it.

We need two dozen Kelley knee pads, but I do not have the requisition for that order yet. I hope Spalding has those in stock. If so, we will order them.

Please let me know right away if Spalding has this stuff on hand.

Sincerely yours,

FCA:AH

Director of Physical Education.

P.S. The samples just came in this afternoon.
