IRON-STEEL-METALS

64-108 North Second Street

Kansas City, Kansas

Sept 29/1937

Dear Doc: —

Thanks ever so much for the kind letter. I had looked for you in Laurend several times but you were never around and so I haven't seen you since last spring.

Things here in the city are very slow. My firm is not so active in today's markets and so we in the traffi dept sit around most of the day loafing or trying
