Mr. Louis Menze
Basketball Coach
Iowa State College
Ames, Iowa

Dear Louis:

I have just received a letter from A.E. Eilers saying that our Conference of Basketball Coaches are having their interpretation meeting in Kansas City, on Saturday and Sunday, December 7 and 8. Their tentative plans are to meet Saturday afternoon with the hope of finishing up by Sunday afternoon.

Should we plan to meet with their coaches, say Sunday morning, and have our interpretation meeting Saturday night? We could then have the open interpretation meeting Sunday afternoon and the coaches who would want to get away could do so without attending the open meeting.

This would be the scheme of things if everybody is agreeable; Early Sunday morning they meet with the Missouri Valley coaches; Sunday afternoon the open meeting of the Fifth District. We could arrange it thus: Saturday morning and afternoon the Big-Six coaches meet; Saturday evening, conference with Missouri Valley and Big-Six; Sunday morning, open meeting. That would enable us to leave by noon Sunday.

Please write me at your early convenience so that I can again correspond with you and we can set up some sort of meeting that will be agreeable to everybody concerned.

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball Coach
