

UNIVERSITY OF MISSOURI

December 18, 1940

To Big Six Coaches and Officials:

Please refer to the mimeographed copy of the report of the Big Six Coaches' meeting of December 8, 1940.

On page 3 under No. 1 of Rules Interpretations two questions are asked, and temporary answers given. The interpretation nows becomes official as Mr. Oswald Tower, in a letter dated December 16, writes:

"Your decision to the effect that a time-out should not be charged to Team B in either of the cases described is correct. Team B may substitute on Team A's time-out in both situations."

In addition Mr. Tower warns that it is illegal if the request for a time-out following a field goal originates off the court. Such a request may properly be made only by one of the players in the game, and his team then is automatically charged with a time-out unless there is a case of replacement of an injured or disqualified player.

Yours truly,

George R. Edwards.
