Dr Forrest C Allen,
President Lawrence Rotary Club,

Dear President Phog :

Received your letter about Mike Getto 's desire to know just how many Rotarians are coming to Lawrence for the luncheon July 12.

It is hard I find to get people to answer letters . On June 10 I sent a post card to all the presidents whose names I had and to secretaries of last year where I did not have the names of the new presidents , asking them to let us know how many would be coming to the Assembly July 12 , and asking the names of the new president and secretary in cases where I did not have it. I heard from several giving names of the new officers , though several have not yet answered that item. Five reported number coming.

Bonner Springs wrote they expected to have 3 , Emporia 3 or more if they would be permitted to send more , Junction City 4 , Kansas City 5 or 6 , Leavenworth 3 . Five answered .

That led me to write you that I figured there would be 80 there besides the Lawrence Rotarians . But the replies have not continued to come in as I hoped .

I sent out a program letter June 29 , asking to let me know . To-day I shall get out a letter asking just one thing - "How many are coming,? Please reply by return mail if possible . "

My letter June 29 stated that 'Every president and secretary is expected to attend , and other officials and chairmen are welcome if they let us know how many are coming' . I shall send you one so you will know just what I am asking them. *this time*

I am preparing recognition labels big enough to see everybodys name a good distance away . Like the enclosed. You can slip the under part in your coat pocket or shirt pocket or pin the under part on your necktie or shirt . Different colors for different offices - pink for presidents indicating they are tickled pink to be presidents , blue for secretaries reminding them that all secretaries must be true blue to answer all correspondence , and white for other Rotarians . I want letters big enough so you can read them a long way off .

I am glad that you are arranging to have some singing during the Fellowship and Registration period. That will start things off with pep. If you will appoint two or three men to act as the committee to welcome everybody and get their Recognition Labels on them and get their names and addresses and office in their club, I would appreciate it. If you think it better to employ some girl as secretary to supervise this, o.k. But I like to have the men do this kind of thing.

Coming back to the luncheon, how exact a count does Mike Getto need in advance? Does he need some guarantee, and then have a margin? I think that I shall ask the clubs to write you directly as to the number coming.

Sincerely

Homer

Memo from CHARLES L. WHEELER

1 July, 1943

Dear Phil:

Let us persuade each administrative officer, each committeeman, and each employee of Rotary to reexamine and weigh all planned procedure covering each hour of outlined work as to it being a Rotary need adapted to the present world crisis.

If in their judgment slightly altered activity or procedure will produce better results in this emergency, we want them to ask for the privilege of adjustment, and if in this emergency a co-worker of ours has an idea (even though said idea is unorthodox) we want it understood that the idea can be used this year and will not be considered heresy.

We want Rotarians to think and do now as they have never thought and done before.

Let us post this notice on every desk and in every Rotary workshop. Individual initiative will win for Rotary the development of the individual. Your and my success in establishing these thoughts immediately into the minds of our fellow-workers will measure the success of Rotary this year.

Let us drive with all our might for this
ADAPTABILITY TO THE MOMENT.

A handwritten signature in cursive script, appearing to read "Charles L. Wheeler".

Redistricting

Effective 1 July, 1943, the territory previously known as district 28 (part of Brazil) is divided into two districts numbered 28 and 41. The boundaries of the two districts have not yet been determined. When this has been done, the geographical descriptions of the two districts will be published in the News Letter.

Also effective on 1 July, 1943, the geographical description of district 25 (Cuba) is revised to include the Dominican Republic.

Fernando Carbajal says—

The fond recollections which I have of all the Rotarians whom I have seen during my trips as President of Rotary International are too profound for me to remain silent. I should like to write all of them a personal letter expressing my gratitude for the courteous attentions they bestowed upon me, but this would be impossible, so I take this opportunity of expressing my eternal recognition to them for their kindness, which I esteem as the best reward I could have had for my efforts to serve Rotary.

Newly Admitted Clubs

For use in extending greetings, we give you the names and addresses of the officers of the clubs recently admitted to membership in Rotary International. Communications received at the Secretariat from newly admitted clubs indicate that they greatly appreciate the letters of greetings from the older clubs, even though it may be practically impossible to make direct acknowledgment of the letters.

President Wheeler Wants All Club Publications

Believing that a Rotary club publication reflects the attitude, the activity and the virility of the club, President Charlie Wheeler has decided that he wants to receive a copy of the publication of every Rotary club throughout the world. Address your club publication to him at R. 3066, Palace Hotel, San Francisco, Calif., U.S.A.

Photograph of President Wheeler

Does your club want a photograph of President Charlie Wheeler for framing and display in your club headquarters? If so, the postcard which is being sent to each club secretary with this News Letter should be filled in and returned. The photograph then will be sent gratis, postage prepaid, to the club secretary.

Your Honorary Members

At the 1933 (Boston) convention, the delegates from the clubs adopted an amendment to the standard club constitution reading as follows:

Honorary membership shall terminate on the first day of July next after the date of election, provided, however, that the Board of Directors in their discretion may, by resolution, continue such honorary membership from year to year thereafter. Such honorary membership may be continued by the Board although the person so elected has ceased to reside within or to be definitely associated with the territorial limits of the club.

It is therefore incumbent for each Rotary club operating under the standard club constitution to confirm from year to year on the first day of July the membership of each of its honorary members whom it wishes to retain in membership. Failure to follow this procedure would appear to terminate automatically the membership of an honorary member.

Only One Copy of News Letter to Club Secretaries

Last year, the procedure of sending two copies of the News Letter to club secretaries was inaugurated as an experiment. A few months ago inquiry was made of club secretaries as to the value of the second copy. A number of club secretaries indicated that they wanted to continue to receive two copies and the procedure was continued in those cases. However, as an economy measure, the mailing of the second copy of the News Letter to all club secretaries has been discontinued with the ending of the Rotary year 1942-43.

Important!

For Rotary Clubs in the U. S. A.

Your Tax Obligations

You Must File Form 990 with Collector of Internal Revenue

While the Commissioner of Internal Revenue of the Treasury Department of the United States has ruled that Rotary clubs in the U.S.A. are exempt from payment of federal income tax under the provisions of Section 101 (9) of the Internal Revenue Code and the corresponding provisions of prior revenue acts, the Office has also ruled that Rotary clubs must file annually an information return on Form 990 with the collectors of internal revenue for the various districts so long as the exemption from payment of income tax remains in effect. This form should be obtained from the local collector of internal revenue and is required to be filed on or before the first day of the third month following the close of the annual accounting period.

It is important that EVERY CLUB IN THE U.S.A. obtain a copy of Form 990 and file it with its local collector of internal revenue as required. For clubs which have fiscal years ending with June 30th, the date for filing Form 990 would be on or before September 1st. Clubs which have fiscal years ending with May 31st would have to file Form 990 on or before August 1st.

You May Be Liable for New "Withholding Tax"

Any Rotary club in the U.S.A. which pays its secretary, or has in its employ anyone who receives a salary in excess of the exemptions allowed in the new 20% withholding tax, should become thoroughly familiar with the provisions of the law governing the payment of this tax so that, effective the 1st of July, 1943, each club affected will fully comply with the provisions of the law.

You May Be Liable for Social Security Tax

Periodically inquiries are received from Rotary clubs in the U.S.A. as to whether they are liable for Social Security tax on compensation paid to their secretaries.

An amendment to the U. S. Social Security Act provides exemption for service performed in any calendar quarter in the employ of any organization exempt from income tax under Section 101 of the Internal Revenue Code, if the remuneration for such service is less than \$45.00 for the quarter. Since Rotary clubs are exempt from income tax under Section 101 of the Internal Revenue Code, it would appear that if a club pays its secretary less than \$45.00 every three months, it is not liable for payment of Social Security tax but that if the secretary receives \$45.00 or more quarterly, the club is liable for payment of Social Security tax.

If your club secretary receives from the club compensation for his services of \$45.00 or more quarterly, it would be well to check the matter with your lawyer member as to the club's liability under the Social Security Act.

Details can be obtained from the nearest collector of internal revenue, the local banker, or a tax consultant.

It should be kept in mind that one who may not be subject to the 20% withholding tax may, nevertheless, be subject to the 3% Victory tax.

Near a Cannery?

As various crops come along in different parts of the country the canners have a very serious problem this year in getting the necessary temporary help to carry through the process of canning, dehydrating or freezing. In order not to lose the valuable crops, it is important that communities help the processors meet the manpower problem. The usual part-time workers have, for the most part, been drained off either for the army or for defense plants. Hence this year it may be necessary to recruit help for the processing plants from people who would normally not take employment of this sort—office and store employees, housewives, students and others.

If there is a cannery or dehydrating or freezing plant in or near your town, your Rotary club can render a valuable service by approaching either the county agricultural agent, the U. S. Employment Service, the manager of the processing plant or the local Office of Civilian Defense, (it varies in different communities), and offering the services of the Rotary club in endeavoring to solve the problem. Some communities have even gone so far as to close the business establishments in town at noon on each day for a period of two or three weeks when the crop is at its prime in order to provide assistance in processing the crop. There may be a serious shortage of canned, dehydrated or frozen foods next winter if every effort is not made now to process each crop as it comes along.

"Click" Reports on Rotary

When "Click" magazine planned a series of photo-essays on America's major organizations, it selected Rotary as representative of the service clubs. In its August issue, "Click" will present a five-page feature on Rotary International and the Rotary Club of Middletown, Ohio, which was designated by "Click" as a typical Rotary club.

When You Buy a New Car

No automobile dealer can legally require a prospective purchaser to turn in used cars or to buy unwanted accessories as part payment for a new car. Motorists should find such a statement posted prominently on the dealer's premises.

The St. Louis Municipal Opera Is On the Air

Those Rotarians who thrilled to the story of the St. Louis Municipal Opera as it was told in song and drama at Rotary's convention, and no doubt other Rotarians as well, will be interested to learn that the music of the Municipal Opera is now being broadcast. This delightful music may be heard over the stations of the Columbia Broadcasting System in North, South and Central America each Sunday from 2:00 to 2:30 p.m., Eastern War Time, during July and August.

Price Panels

The Office of Price Administration of the United States Government works through price panels to endeavor to hold firm the cost of living on the local level.

Price panel members are volunteers who have taken an oath as officials of the U. S. Government. They serve without pay. They are specially trained to help merchants.

Any Rotary club in the United States which desires to have the work of the price panels explained at one of its meetings should apply to the nearest local office of O.P.A.

Mr. President!

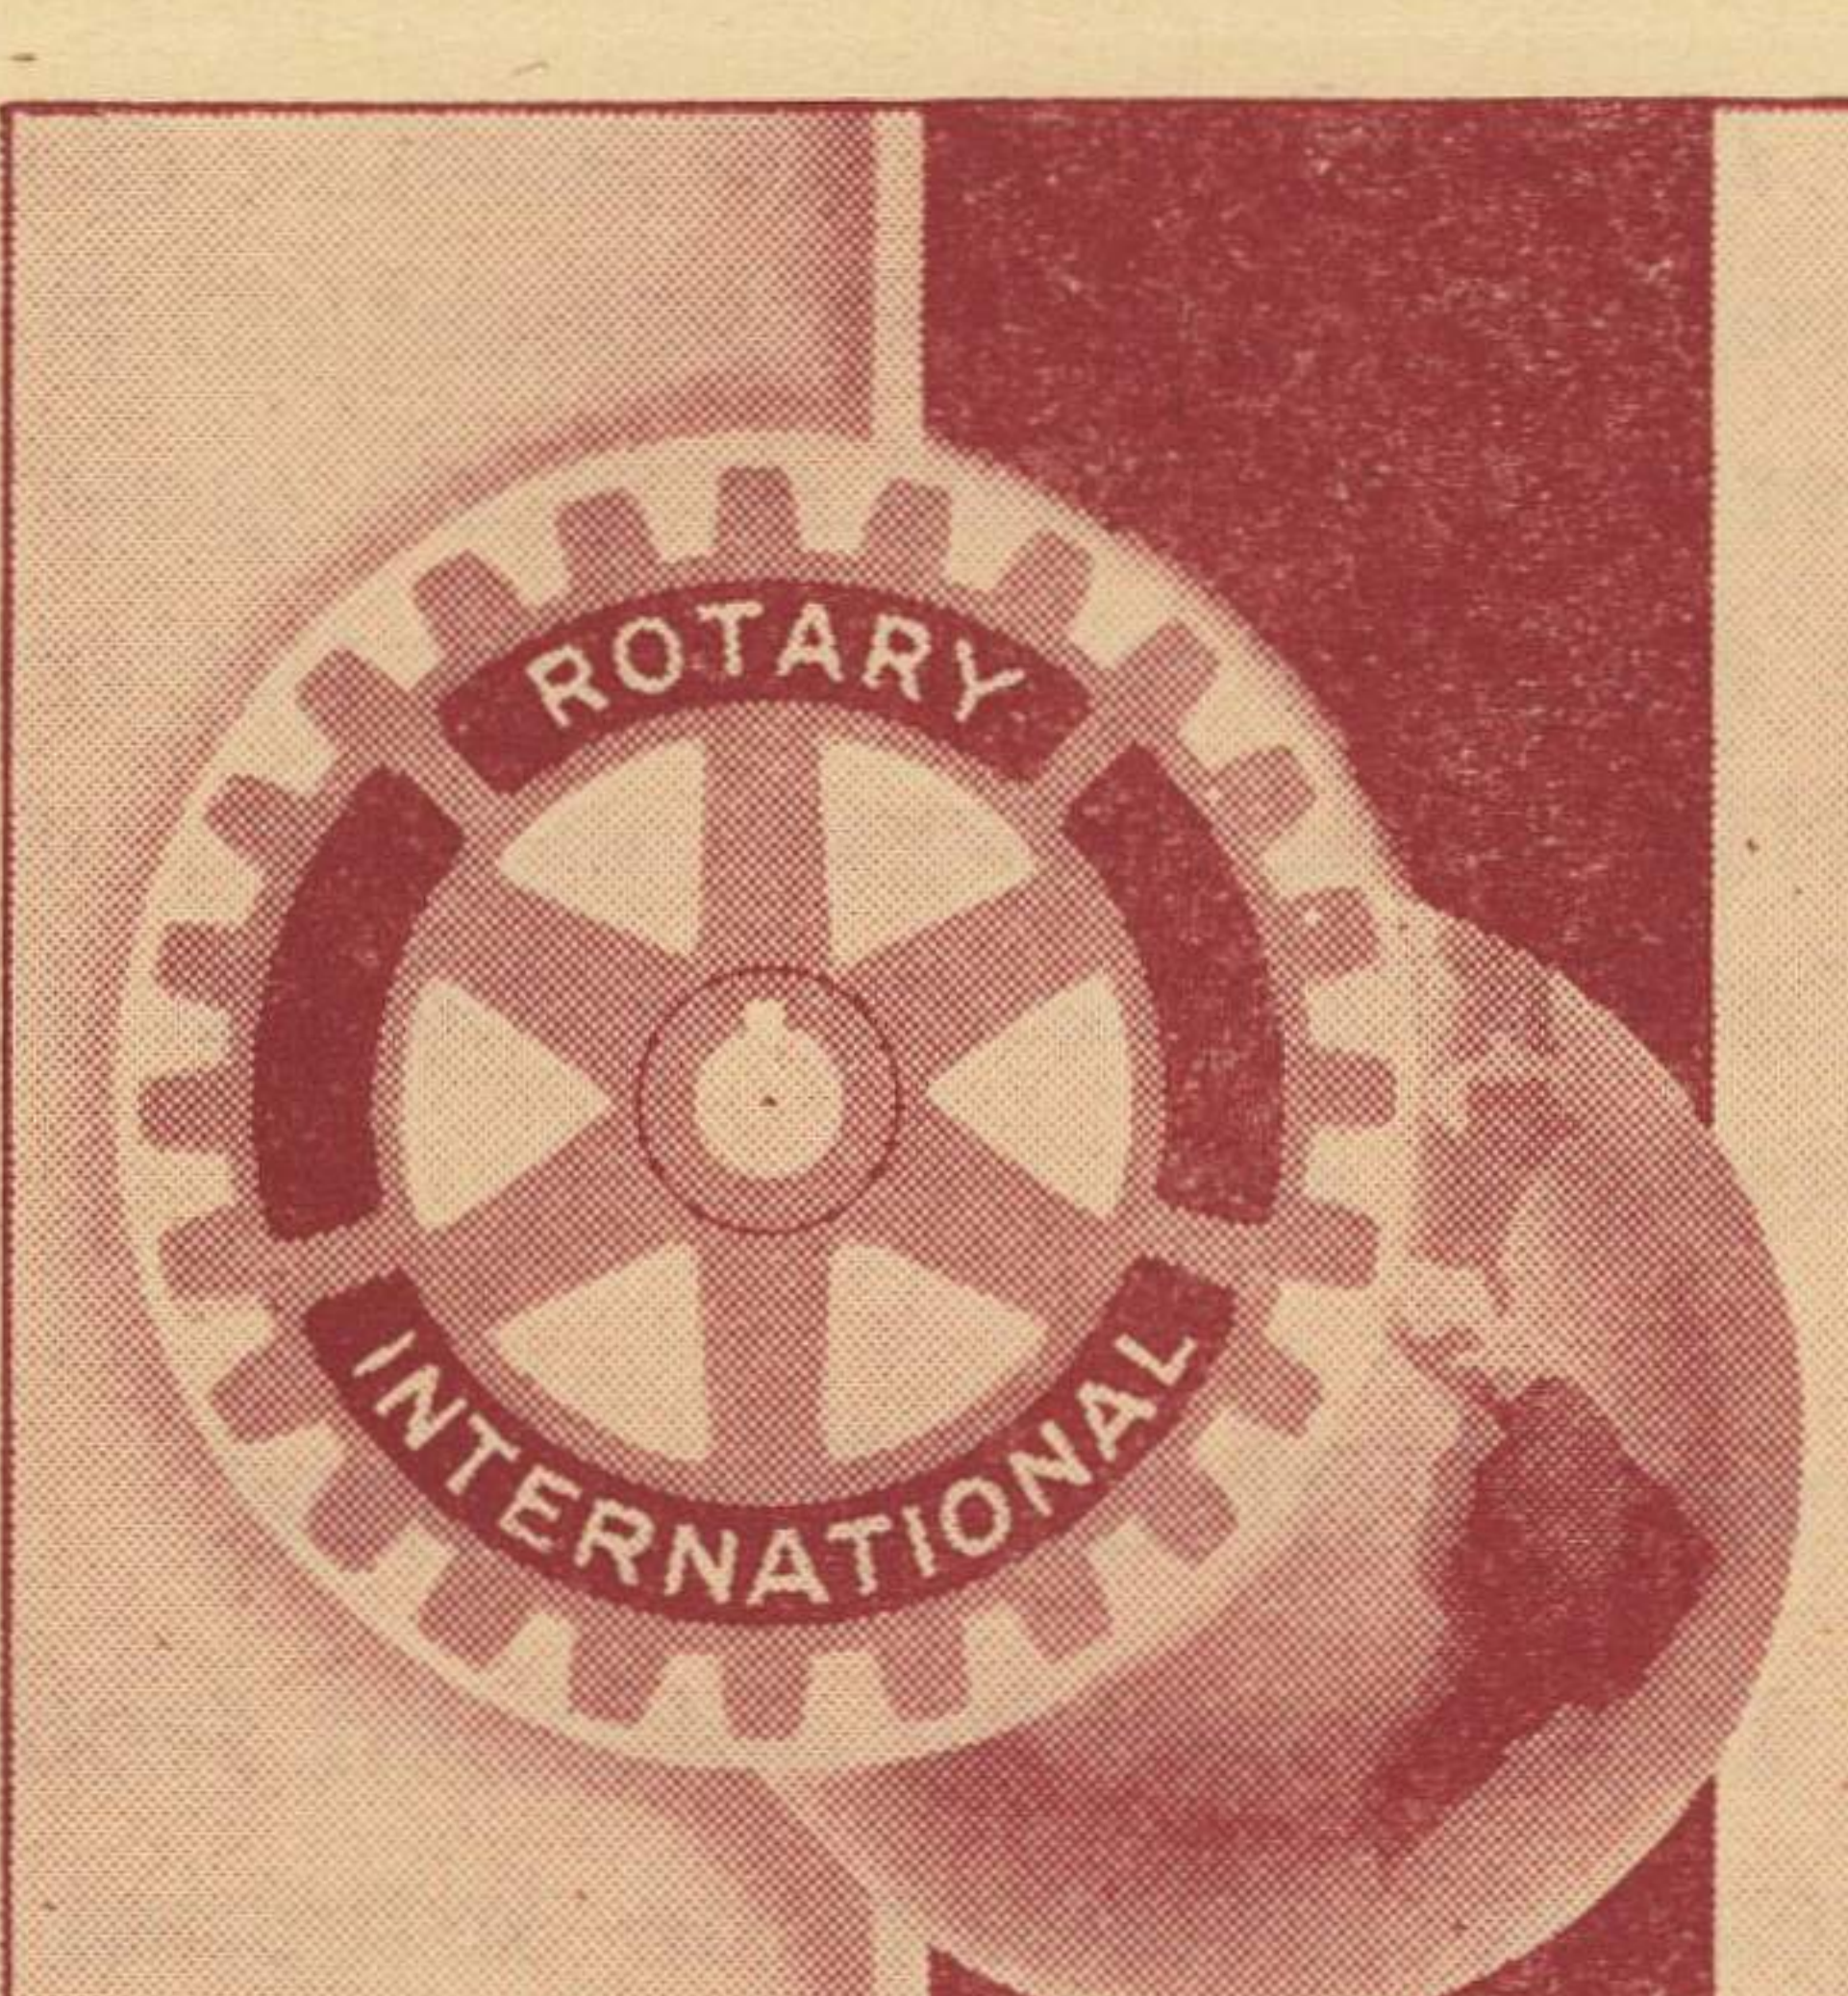

The green envelope which you have received contained SUGGESTIONS FOR YOUR COMMITTEES.

No doubt you have already given each one of your chairmen the appropriate sections of this helpful pamphlet. If not, please do so at once.

If you want supplementary papers for your committees, write the secretary.

Fort Worth Is Proud of Its Students

All of the 50 beneficiaries of the Student Loan Fund of the Rotary Club of Fort Worth, Texas, who are in the armed forces are now commissioned officers, including one who is a colonel in the Army Air Force. Frequent letters are received by the club from these boys, enclosing checks to apply on their loans and expressing gratitude for the financial assistance they received from the Fort Worth Rotarians.

It's A Handy Guide Book

- The 1943 Official Directory of Rotary International contains interesting information about Rotary's 5,100 clubs in all parts of the world—tells when and where they meet, and the names, classifications and addresses of their officers. It lists all of Rotary's international officers for 1943-44 and other helpful Rotary data.
- Order your copies today from Rotary International, 35 East Wacker Drive, Chicago, Illinois. If your order equals the number of your club members or if it is for more than 49 copies, the cost is 15c each; 10 to 49 copies are 20c each; and single copies are 25c. Each club receives two free copies, plus additional free copies on the basis of one for each 20 members in excess of 40.

ROTARY INTERNATIONAL
GOVERNOR'S MONTHLY LETTER

OFFICE OF GOVERNOR OF DISTRICT NO. 123

HOMER KINGSLEY EBRIGHT

BALDWIN, KANSAS

No. 1

July 1943

To the Presidents and Secretaries,
Greetings, congratulations and best
wishes.

1. Our Responsibilities.

This war year will bring new and
difficult problems. That implies
opportunities for service. This
is no time to liquidate Rotary.
Your Rotary Club has chosen you
because the men believe in you. You
will measure up.

2. Organization.

Ere this you have appointed your
committees, and they have been
working. A definite work for each
man.

Has your Aims and Objects Com-
mittee outlined its objectives?
Has your Program Committee been
outlining the programs for the year?
Have all chairmen received the
abundant printed helps from the
Secretariat in Chicago?
When the machinery is well oiled and
working smoothly, you do not hear
much noise, but things get done.

3. Finances.

Did you receive from your prede-
cessor an approved audit of the
books of your club? Has your
Board of Directors prepared a bud-
get? See By-Laws Article X.

4. Our Past Governors.

This District has been fortunate in
the fine caliber of men who have
served as governors in the past. We
especially congratulate Ambrose John-
ston who has done such a fine work
this past year. We expect that these
past governors will be of unusual
help this year of gasoline rationing.

5. International Convention.

Your new governor greatly enjoyed the
assembly and convention at St. Louis.
President Carbajal was able to report
an increase of 124 clubs even in this
war year. The new president Charlie
Wheeler of San Francisco gave a fine
inaugural address. Read about him in
the July Rotarian. Marsh, Romulo,
Taylor, Wells, Tiffany, Hoffman, Wam-
pler and others gave inspiring addres-
ses. Paul Harris our founder still
can think and speak with inspiration.
Secretary Philip Lovejoy kept all the
machinery well oiled. We made several
good friends among the new governors.

6. District Assembly.

All the clubs but two were represented
at the District Assembly at Lawrence,
July 12. The Lawrence club under the
fine leadership of the new president
Dr. "Phog" Allen, were there in force
at 9 o'clock to welcome all. Past Gov-
ernors Brose, Scotty, Marion, John, and
Cece were there and presented the work
of Rotary in a fine way.

We were honored in having the new Director of Zone 3, James Eugene Conklin of Hutchinson, who gave an inspiring address at the noon luncheon on White Plumes of Rotary. Corlett Cotton and Cecil Hough led in enthusiastic singing. Altogether it was a profitable and inspiring assembly.

7. Homer's Odyssey.

The new governor wishes to meet with the clubs as soon as possible, and so will start on his Odyssey the week following the Assembly.

Monday, July 19, Marysville.
Tuesday, July 20, Blue Rapids.
Wednesday, July 21, Frankfort.
Thursday, July 22, Seneca.
Friday, July 23, Holton.

Other dates will be made privately with each club. We wish to meet on your regular day if at all possible. To save gasoline and tires we may ask two or three clubs to meet on a different day to avoid making a special trip from Baldwin.

If the president and secretary will study the Annual Review and fill out the blank before-hand, it will expedite the work of the assembly with the officers and chairmen.

8. Semi-Annual Report of Membership and Per Capita Tax.

Have you sent to the R. I. Secretariat your semi-annual report and corrected membership list together with check --all due to have been sent in July 1. We wish our District to be on the honor roll.

9. Club Attendance.

While we do not wish to make a fetish of attendance, it is true that live clubs will have good attendance. Governor Ambrose Johnston has sent us the report for June. The honors go the following:

1. Council Grove	96.21 %
2. Burlington	94.52
3. Blue Rapids	94.29
4. Oskaloosa	93.47
5. Howard	93.33
6. Valley Falls	92.73
7. Paola	92.20
8. Ottawa	91.90
9. Marysville	91.25
10. Baldwin	90
11. Overbrook	90

10. Club Publications.

I have appreciated receiving the club publications from the following:

Ottawa
Lawrence
Emporia
Cottonwood Falls
Holton
Manhattan
Topeka

I hope that all clubs which publish a club bulletin will put the district governor on their mailing list. I can see how valuable these mimeographed news sheets are in keeping the members informed.

11. The Rotarian Magazine.

I believe that all Rotarians realize what a fine magazine Leland Case and Paul Teetor publish. Several clubs have special subscriptions for schools and hospitals. Topeka, Kansas City, and Baldwin lead in subscriptions for the Rotaria Revista to be sent to Latin America. That is a fine act in International Service.
