The St. Louis Municipal Opera Is On the Air

Those Rotarians who thrilled to the story of the St. Louis Municipal Opera as it was told in song and drama at Rotary's convention, and no doubt other Rotarians as well, will be interested to learn that the music of the Municipal Opera is now being broadcast. This delightful music may be heard over the stations of the Columbia Broadcasting System in North, South and Central America each Sunday from 2:00 to 2:30 p.m., Eastern War Time, during July and August.

Price Panels

The Office of Price Administration of the United States Government works through price panels to endeavor to hold firm the cost of living on the local level.

Price panel members are volunteers who have taken an oath as officials of the U. S. Government. They serve without pay. They are specially trained to help merchants.

Any Rotary club in the United States which desires to have the work of the price panels explained at one of its meetings should apply to the nearest local office of O.P.A.
