REPORT OF COMMUNITY SERVICE COMMITTEE LAWRENCE ROTARY CLUB

Due to the many and varied large scale nation-wide activities of war time, the community service committee would appear to be rather inactive, but members of Lawrence Rotary Club have been and are very active as individuals in heading up these activities.

To mention a few-

Dolph Simons is State publicity chairman for Kansas in the present War Fund Campaign.

Ted Aszman is Community Chest President.

George Hedrick, Art Weaver, Gerald Hesse and others have had leading parts in Douglas County reaching its quota in the War Fund Drive. Phog Allen has done the finest job on record at the University in this drive.

John Brand and Corlett Cotton are important figures in the rationing set-up, and so and so.

Rotary has more than taken its part in service mens recreation for the community.

Rotary will continue to lead in community service by the efforts of its individual members for the duration.

Respectfully Submitted,

Chairman
