

April 17, 1944

Mr. Herbert W. Hines,
Mr. Spencer Hagen,
Executive Assistants, Rotary International,
35 East Wacker Drive,
Chicago, Illinois.

Dear Herb and Spencer:

District Governor Homer Ebright had asked us to make arrangements for Dr. Charles Barker for a meeting here in Lawrence. He apparently was not fully acquainted with the fact that Dr. Charlie was not supposed to visit more than four clubs in a week. Governor Ebright had filled his week with four other clubs besides Lawrence - Overbrook, Baldwin, Olathe and Bonner Springs.

When the facts were communicated to me by Dr. Barker I then took it up with Governor Ebright and he made arrangements for Dr. Charlie to cancel the Lawrence meeting here on Friday, April 21. I believe everybody is happy, as I assure you we are, because Rotarian Ralph Graber, the chairman of the Boys Work Committee and the principal of Lawrence Memorial High School, was placing Dr. Barker on his already crowded high school agenda.

I am informing you of this fact and returning the mat to Spencer Hagen who sent the information to our secretary, Karl Klooz, together with newspaper releases.

Rotarily yours,

FCA:AH
Enc.

President.
