DISTRICT NO. 123
OFFICE OF THE GOVERNOR
HOMER KINGSLEY EBRIGHT

BALDWIN, KANSAS
April 22, 1944

Dr. Forrest C. Allen
President, Rotary Club
Lawrence, Kansas

Dear Phog:

One matter comes to my mind that I think should have some consideration before our Topeka meeting. It is in regard to the matter of the student from Latin America. In my last Monthly Letter I said that we fell down on this item this year. There seems to be no provision for handling that.

What would you think of my appointing a committee of three to look into this and make a report at Topeka. I have appointed a Resolution Committee of which Roy Luke of Junction City is the chairman. You will note in the April Monthly Letter the other members of this committee. I wrote to Roy suggesting that one resolution perhaps should be presented regarding this matter. As I look at the rules of the Conference, it strikes me that a separate committee might be considering this special item and hand their resolution to the chairman of the resolution committee.

I wonder if three presidents of the clubs at Lawrence, Emporia, and Manhattan would not be the best prepared to consider this and have such a resolution ready.

Your resolution might be simply to approve the plan and authorize that \$200 be devoted to this object for next year and that such a committee as the three I have suggested be authorized to work with the new governor and handle it.

I shall wait for a reply from you before I write to the Manhattan and Emporia presidents.

Tell your new president to be sure to plan to be at the breakfast for presidents Monday morning, May 1.

Sincerely,

Homer K. Ebright
