

October 12, 1936.

Dr. R. L. Canuteson,
Director, Student Health Service,
University of Kansas.

Dear Dr. Canuteson:

Thank you for your kind note of the first instant.

I tried to have the boys on the basketball squad arrange for their examinations on a Saturday morning, but many of them are working at that time, and it has not been possible to get them all together.

We are not doing very strenuous practice as yet. I just wanted you to know that I have tried to get them together on a Saturday morning, as you suggest, because I think it would be much better if you could see the men in a group.

Thank you very much for your kindly cooperation.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
