

Baldwin, Kansas . June 3, 1943

Dr. Forrest C. Allen ,
President of Lawrence Rotary Club .

Dear President Phog :

Glad to find your letter when I reached home. Now that the date is definitely set, I am wishing to write to several of the past governors asking them to help on the program .

First , since you ask me about the luncheon hour , I suggest that you have Director of R.I Gene Conklin to speak at the luncheon on the general field of International Service. So much was said at St Louis about Post-War Planning , that a definite subject like that would be good to announce .

I suppose you have a good song leader there during the summer . If not, we should be sure to have some good singing , by asking some good song leader . I am not sure that Bill Rice our leader will be in these parts by that date- may be in the war service . But I suppose that you have some good song leader there even if your regular leader is away on a vacation.

Enclosed find a sheet with several plans for the program I want your reaction to the plans. Which would you favor ? I wanted to have Ambrose Johnston on the program at the start in the morning right after I give a Governor's Message . Have you any other suggestion ?

Will you tell me just what hour your club sets for its luncheon . If it is 12:30 , can we be ready to start afternoon session at 2:00 if we meet on the hill ? Or would your club be able to meet on the hill at the noon luncheon hour ?

If you have any special suggestion, fire .

Sincerely

Homer K. Ebright
