

F. C. A. - 2

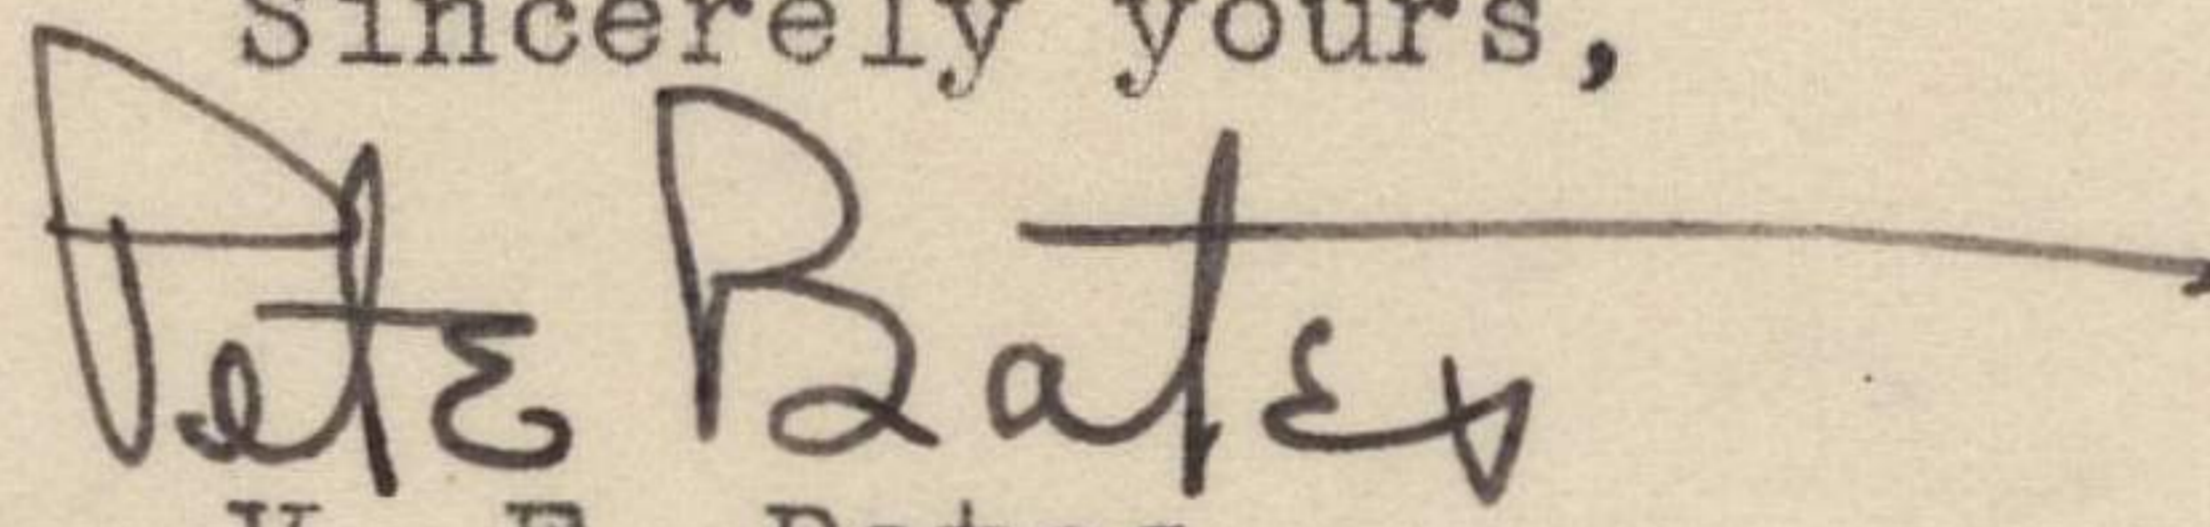

May 5, 1943.

We then drafted a couple of interested Rotary Anns to watch the papers for eligible names - and they are constantly on the job. We get the new enlistments and a lot of overlooked old ones from their clippings.

Our file is kept in the Chamber of Commerce office where it is available to anyone who wishes to use it, and it gets lots of use. We do not allow the file to be used for any promotional or advertising purposes.

We feel that this is a very fine project and it gives me pleasure to tell you of it. If I can be of any further service, please call on me.

Sincerely yours,

V. E. Bates.
