

September 6, 1943.

Mr. Fred Ellsworth,
University of Kansas.

Dear Fred:

I want to take this time to personally thank you for your splendid contribution to our Lawrence Rotary Club on your editing of the bulletin.

You not only got out a wonderful sheet, but you drew many compliments from many Rotarians who thought that your clever sheet was one of the high spots on a rather dull Monday morning. A number of chaps told me that they looked forward to that bulletin with much relish, and many of them took them home to read to their wives.

You did a swell job, and I thank you for it.

Rotarily yours,

FCA:AH

President.
