

October 4, 1943.

Dr. Homer K. Ebright,
Baldwin, Kansas.

Dear Governor Homer:

In your good letter I believe you asked for us to suggest a favorable date when you should come to us. I am sure that you will recall my conversation with you when I stated that since we are so close I would prefer that you set the date.

Perhaps a date that I would suggest would not be as favorable as one you might select. Won't you please name it at least three weeks in advance?

With all good wishes, I am

Rotarily yours,

FCA:AH

President.
