

## Community Service in Egypt

The Rotary Club of Mansourah, Egypt, decided it must be something more than merely a luncheon club, and concentrated on the following community work:

a) Friday breakfast and a substantial luncheon are given each week to poor children. Two members of the club and their wives are responsible each week for this work. Other members frequently assist.

b) The club has provided a nearby R.A.F. camp with games such as ping pong, chess, volleyball and playing cards. Also they invite the men into their homes.

c) On the occasion of a visit from the Mudir the club requested permission to examine the Mudir's project for the welfare of the poor. This matter is now under investigation with a view to club action.

## SECOND VICE-PRESIDENT ROTARY INTERNATIONAL, 1943-44

Sinclair J. McGibbon has been a practicing chartered accountant in Perth, Australia, since 1900. He is a foundation member and senior vice-president of the Institute of Chartered Accountants in Australia. For many years he has served on the general council of the Commonwealth Institute of Accountants and is a past president (Australian) of that Institute.

During World War I, he was a member of the Australian Wheat Board. In 1941 he was appointed Financial Representative for the Defense Department of the Australian govern-

## We Must Win

We must win this war. We must win it as Rotarians because this is a war of decency against everything detestable and repulsive in the human heart. To win this war, we must win the peace. That peace can only be won if Rotarians all over the world will help assert the creed "Service Above Self." If that creed is the ruling thought when the peace treaty is signed there will be no more wars because then, aggression, selfishness, arrogance and greed would have been banished, if "Service Above Self" guides the hands that sign the peace treaty.

## Scholarship for Nurses

The Rotary Club of Jackson, Missouri, reports that it has recently raised \$43.75 toward the community fund being subscribed for a scholarship for nurses' training.

Here is a very worthy project to which our club might give some thought.

ment, visiting the Middle East and residing in London for 12 months. Having completed his mission, he returned to Australia at the end of 1942.

He is a governor of the Hale School in Perth, the principal secondary school in Western Australia. A keen tennis player, he was president of the Lawn Tennis Association of Australia for more than thirty years.

Mr. McGibbon is a charter member of the Rotary Club of Perth, which was organized in 1926, and is a past president of that club. He has served Rotary International as district governor and committee member, and is second vice-president of Rotary International for 1943-44.

## Worth Remembering

One day a rich but miserly man came to his Pastor. The Pastor led him to a window.

"Look out there," he said, "and tell me what you see."

"People," answered the rich man.

Then the Pastor led him to a mirror.

"What do you see now?" he asked.

"I see myself," answered the man.

Then the Pastor said, "There is glass in the window and there is glass in the mirror. But the glass in the mirror is covered with a little silver, and no sooner is a little silver added than you cease to see others and see only yourself."
