

October 30, 1943.

Mr. Justin Hill,
Chairman, Rotaryann Committee,
Lawrence, Kansas.

Dear Jus:

Governor Homer Kingsley Ebright of our 123rd District will pay his official visit on Monday, November 8, and as is the custom each chairman is supposed to present a written report of his committee's activities, plans and purposes. This report is to be filed in duplicate.

I am writing Governor Ebright to find what time he will arrive for the Rotary Assembly, but I presume it will be about 10:30 in the morning. The chairmen are supposed to be present to read their written reports. While we depend on Margaret to put over the program for the Rotaryann Committee, we count on you to make a fulsome report.

Will you kindly be prepared to give the same and be present in person? If you cannot be present, have your report ready and have some member of your committee make the report for you.

Rotarily yours,

FCA:AH

President.

LAWRENCE ROTARY CLUB BULLETIN

LAWRENCE, KANSAS

OCTOBER 15, 1943

MONDAY'S PROGRAM - Dillon S. Myer, director of the War Relocation Authority, will talk about handling the Japs in America. We get Mr. Myer through the good offices of Verl Bratton. Verl is a former associate and close friend of Leland Barrows, who is second in command of the W R A. Barrows, Myer, and Milton Eisenhower, former W R A chairman, were all close friends in Washington.

N E W D I R E C T O R Y - The Board voted to get out a new directory of the club, and it seems high time. We have 62 members now not counting the 6 military honorary members. Nineteen of us have joined Rotary in the last year.

ROTARYANN PARTY - The much discussed Rotaryann party has been postponed until November 1. Margaret Hill has charge, and Margaret is a ball of fire on getting up interesting parties. Don't forget to be ready with definite reservations when the call comes. Be ready to say "Yes" or "No."

GOVERNOR VISITS - Governor Homer Kingsley Ebright visits us November 8. We will have club assembly when he comes with the reports from all committeemen.

P E R S O N A L S - Col. Lyle Powell is in town. Doubtless he will be on hand Monday Here is a hand to a former member, Cliff Calvin. He misses Rotary more than anything in the world. His new job makes it impossible to continue membership and stay out every Monday until 2 o'clock. It was thoughtful of Phog to invite him as a guest last week....Incidentally, wasn't that an enjoyable program of good music?.... Dolph Simons is state publicity chairman for the United War Loan Fund under Lieutenant Governor Jess Denious from Dodge City..... Ted Aszman is away this week getting elected Moderator for the Presbyterian Church in Kansas..... Ike Meade went through a major operation. The best of luck to you, Ike.

Fellowship Thought

Those appearing on our programs often go to considerable trouble, often spending several hours in preparing their address. It only takes you a moment or two to thank him after the meeting. This makes the speaker think that his efforts have been appreciated, that perhaps his work has meant something to you and your club. He is due that courtesy.

The above paragraph was taken from *THE GATEWAY GEAR*, publication of the Rotary Club of Laredo, Texas; but it may do us no harm to think about this in our club.

Team Work

The Rotary Club of Portales, New Mexico, divided the members into two teams, made a total of 462 contacts, and sold War Bonds to the value of \$130,830, while the members alone purchased \$25,825 worth of bonds. This club also sponsored the county drive, for over a half million dollars.

Over a MILLION Dollars

The Rotary Club of Minot, North Dakota, together with the local Kiwanis club, sponsored a War Bond Drive in which over a million dollars was raised.

FERNANDO CARBAJAL, DIRECTOR, ROTARY INTERNATIONAL, 1943-44

Fernando Carbajal is vice-president of the Peruvian Telephone Company in Lima, Peru, director of the Industrial Bank of Peru, and vice-president of the Crandall Engineering Company of Boston, Massachusetts, U.S.A.

Mr. Carbajal was born in Lima, Peru. For two years, following his graduation from the Peruvian School of Engineering and Mining, he was an engineer on the construction of the Panama Canal.

In 1921 he organized the Rotary Club of Lima, Peru, and is a past president of that club. He

has been active in Rotary International as district governor, committee chairman and member, vice-president, and as president (in 1942-43). For 1943-44 he is serving as a director of Rotary International and as a member of the committee on participation of Rotarians in the post-war world.

During his year as Rotary president, Mr. Carbajal visited every country in the western hemisphere, and was decorated with high honors by the governments of Bolivia, Chile, Cuba, the Dominican Republic, and Peru. Boston University gave him the honorary degree of Doctor of Science because of his accomplishments in the field of international good will and understanding.

Should We Complain?

Things are getting a bit tougher for us, but we should not complain. In Norway, for instance, they live on gray bread of mixed flour; poor margarine; cod's roe; occasional sardines; ersatz coffee, or tea substitute, with saccharine; one-fourth litre of milk per adult per day so devoid of fat as to be popularly called "doubly purified"; salt fish five or six times a week. (All fresh fish go to German troops.)

In a restaurant, to get a boiled potato, you have to hand in a raw one of equal size. Lemonade without sugar—made with crystal lozenges. Some workmen thought themselves lucky to have mustard on their bread.

Should we complain?

Dear Stan:

I trust that what I did Monday caused no embarrassment to you, when I said "You and I are both ready now to sit down."

The main idea you got across, namely that when anyone had more than one guest at Rotary they are supposed to call Mike Getto and notify him. I elaborated on that definitely, so I am sure that your talk was very constructive and called attention to the fact that very few members in the club knew that Mike was running close on ration points and needing the cooperation of all of us.

I thank you for being a joyful animated cartoon.

Dear Gene:

Yesterday at Rotary I announced that you were perking up as I caught you moving around the house on your way to the dinner table. I also told the Rotarians that Corlett Cotton had called on you Saturday, so doubtless you will hear from other members of Rotary real soon.

We are hoping a good book will fill some of your spare moments. Your wife is taking care of the spare tire around your waistline. I know, because I smelled that good food when I was there yesterday.

Here's hoping you have an early recovery.

Dear Mrs. Amidon:

I want you to know that I did as you requested. I made the announcement on the Blood Bank for three consecutive times and really turned on the heat. In fact, by my making the announcement three times straight it was absolutely necessary that I sign up for the Blood Bank. My date is 1:15 Friday afternoon.

I trust that the announcements brought some results in Rotary, and I am hoping that you will get your full quota.

Mr. Emil Liston,

Dear Emil:

Lawrence Rotary extends sincere sympathy and best wishes for your early recovery regarding your very unfortunate accident in a football game last Saturday. You and Bill Hargiss are the hard luck guys. It took a horse to get Bill down, but just a football player took you.

I am not jesting, Lis, because I know it is a deggone serious proposition, and we want you to know that we are pulling for your speedy recovery. Tommy Evans was up from Baldwin yesterday and I asked Tommy when he got up to tell us about your hard luck, which he did.

And too, it is too bad that this long eleven or twelve year stretch of consecutive attendance record might be broken by your injury. I am kind of figuring that Baldwin Rotary will figure out some way to get in your attendance. At any rate, we wish you a speedy recovery, big fellow.

Mr. Hovey Hanna,

Dear Hovey:

I want you to know how disappointed I was that you were ill and unable to induct Col. McMorris for Rotary. Fred read your very clever lines but he did not do the soap box stunt that you and I rehearsed. Nobody could do that but Hovey Hanna.

We hope that your temperature is down and that you are feeling much better this morning. I would give you a phone call which takes less time, but I wanted you to know how much all of us missed you yesterday at Rotary, and we missed your fine contribution.

With all good wishes for your rapid recovery, I am

Lt. Col. W. L. McMorris,
Commandant, R.O.T.C.,
University of Kansas.

Dear Colonel McMorris:

Congratulations on your induction as a member of Lawrence Rotary. We are indeed pleased to have you, and as Hovey Hanna said, "We like you and we want you to like us." I am sure as far as our side of the bargain is concerned that has been affirmed.

We were indeed sorry that Hovey could not be at the meeting to induct you because he had definitely counted on that. He was over at my home Sunday evening rehearsing the part and he had a little stunt that would have added a lot of color to the thing had he been there. But what Fred read was only a part of it. Hovey had some highlights that only Hovey could do. At any rate, we will be pulling for Hovey to get well and he will tell you all about it.

Rotarily yours,

FCA:AH

October 5, 1943.

Father Cowell O'Neil,
1229 Vermont St.,
Lawrence, Kansas.

Dear Father:

I am hoping that we can get this greeting at Rotary a little more active. We have a big committee and I believe that you can organize these fellows so that they will greet each member as he comes in. Why wouldn't it be a good idea to appoint say Tom Parker for three weeks to head up the thing, and have him call on these other fellows and have them be there early so they can greet the members as they come in the hotel. Then three weeks later put it on someone else.

Lt. Randolph Neil has not been at Rotary regularly and it might be a call from you would get him there more promptly and more often. This goes for Elmer Ousdahl, also.

Of course, Mike is busy just at lunch time but it might be that he could organize his work so that he could actually take part in the greeting for two or three meetings - maybe staggered in.

I am sending you a Rotary Club officers and committees mimeographed sheet so that you will be able to get acquainted with the personnel of your committee and others.

Congratulations on your fine induction speech when Father McGinnis was ushered in as a member of Rotary. We have a fine club and I am sure that Father McGinnis will definitely add to our fine morale.

Rotarily yours,

Mr. Ralph Graber, Principal,
Liberty Memorial High School,
Lawrence, Kansas.

Dear Ralph:

As announced from the speaker's table yesterday at Rotary, you were appointed chairman of the "Bereavement Committee". Father Cowell O'Neil will get in touch with you to give you his idea of this job.

Briefly, as I understand it, any member of the Rotary family who has a death in the family will receive a call from Father O'Neil, and you, too, and your committee will see that floral tributes are sent to the family.

Since you are so much better acquainted with the Rotarians than any of the others on the Fellowship and Attendance Committee, this extra duty has passed on to you. I know that you will give it your usual loyal and highly efficient attention.

Rotarily yours,

FCA:AH

President.

Eldridge Hotel,
Lawrence, Kansas.

Dear Mike:

As announced from the speaker's table yesterday at Rotary, you were appointed chairman of the "Sick Committee". Father Cowell O'Neil will get in touch with you to give you his idea of this job.

Since you are in the hotel there and are acquainted with Rotary members, you are in a good position to get the discussion from many of the members. You have been named by Father O'Neil to purchase a book or whatever is necessary for the ailing Rotarian.

Rotarily yours,

FCA:AH

President.

cc - Father O'Neil

Mr. Norman Edmonds,
1903 Mass. St.,
Lawrence, Kansas.

Dear Norman:

As announced from the speaker's table yesterday at Rotary, you were appointed chairman of a committee to greet the members as they come. Of course you can use Tom Parker, Elmer GUSDahl, and the good Father O'Neil and his assistant, Father McGinnis, Lt. Randolph Neil, Mike Getto, and Ralph Graber any time you see fit.

But your special function is to get every one of these Rotarians who are late and have them contribute either ten cents or a dollar to the milk fund. They will generally give a dime but don't let any of them away, and when they come in late just point to the milk bottle.

I am sure that Father Cowell O'Neil will organize the greeting group out of this large membership that he has so that the burden of greeting will fall on the other members, but the getting of the money will be an Edmonds responsibility. Thank you, Norm, for your fine Rotary cooperation.

Rotarily yours,
