Lawrence, Kansas.

Dear Gene:

Yesterday at Rotary I announced that you were perking up as I caught you moving around the house on your way to the dinner table. I also told the Rotarians that Corlett Cotton had called on you Saturday, so doubtless you will hear from other members of Rotary real soon.

We are hoping a good book will fill some of your spare moments. Your wife is taking care of the spare tire around your waistline. I know, because I smelled that good food when I was there yesterday.

Here's hoping you have an early recovery.

With all good wishes, I am

Rotarily yours,

FCA:AH

President.
