

October 5, 1943.

Mr. Emil Liston,  
Baldwin, Kansas.

Dear Emil:

Lawrence Rotary extends sincere sympathy and best wishes for your early recovery regarding your very unfortunate accident in a football game last Saturday. You and Bill Hargiss are the hard luck guys. It took a horse to get Bill down, but just a football player took you.

I am not jesting, Lis, because I know it is a deggone serious proposition, and we want you to know that we are pulling for your speedy recovery. Tommy Evans was up from Baldwin yesterday and I asked Tommy when he got up to tell us about your hard luck, which he did.

And too, it is too bad that this long eleven or twelve year stretch of consecutive attendance record might be broken by your injury. I am kind of figuring that Baldwin Rotary will figure out some way to get in your attendance. At any rate, we wish you a speedy recovery, big fellow.

Rotarily yours,

FCA:AH

President.
