Dr. Forrest C. Allen
June 17, 1941

W. W. Davis succeeded in putting me off during the entire year, but I hope your persuasive powers will bear more fruit.

Dolph Simons gave me many good suggestions during the year and is about due to keep his promise to make a talk himself. He also promised to get us an outstanding newspaper man if we would give him adequate notice.

Other suggestions:
Lyle O. Armel on the work of the Endowment Association.
Dean John J. Jakosky
"Poco" Frazier

If I come across any possibilities which I have overlooked I will pass them along to you promptly.

Please feel free to call on me each and every time I can be of any assistance on this job.

With best regards.

Clifton C. Calvin
