Dear Mr. Cameron,

I am wondering if you would be kind enough to favor the Lawrence Rotary Club with a talk concerning some of the interesting highlights of the induction program. What I mean is some of the humorous and interesting things regarding the business of your draft service board.

Neal Wherry spoke to me and thought that you would give an interesting account of it, and I am confident that Neal knows whereof he speaks. We have the dates of Jan. 5, 19, 26, and Feb. 2 open. We will be especially grateful to have you accept one of these dates.

We will appreciate hearing from you at your convenience.

Sincerely,
