Principal Lawrence Memorial High School
Lawrence, Kansas

Dear Neal,

I have just received a letter from Mr. Bruce Cameron informing me that he feels, since the country is at war, that it would be improper for him to speak on the work of the draft board at this time.

Thank you very much, Neal, for making the suggestion. It would have made an interesting program I am sure. However, I quite agree with Mr. Cameron, and I am sure that we all do.

Sincerely,
