Suggestions to
KANSAS STATE ---

Jan. 5 to 10, there
Feb. 10, here

May 14, 1938.

Coach Frank Root,
Kansas State College,
Manhattan, Kansas.

Dear Frank:

I thought I would just drop you a line to turn over some ideas in basketball before our Big Six meeting at Lincoln on May 20 when we make our basketball schedule.

I believe it is our time to play at your place first next year. Our examinations start on January 26 and go to February 2nd. Then we have a vacation, and enrollment is on February 6 and 7, and classes start on February 8. With those two weeks out, and our Christmas vacation beginning on Saturday, December 17, continuing until January 2nd, this takes about thirty days out of our playing period.

Will you be kind enough to send me your examination period and vacation dates so that we can run over those things before we make our schedule? However, we are so close to each other that personally I think we can nicely arrange to play on any day of the week. As far as we are concerned I prefer not to play here on Friday and Saturday night as the jelly-beans always have a big schedule mapped out on those two nights.

The fact that we play at 7:30 and get our games over early permits us to drive back in a reasonable time so that we can get to bed without losing much more sleep than the ordinary college student loses on most any week-day nights.

Since our school opens on January 2 after the Christmas vacation, and our examinations start on the 26th, I am wondering what you would think of playing the game at your place somewhere about February 10, and playing the game at Lawrence some time between January 5 and 10. After you have checked over these dates I will appreciate it if you will drop me a line telling me what you think of this, then we can get together at Lincoln and settle it.

Of course, I can't even plan on anything until the boys who make trips outline their plans. Louie Menze always wants to plan to meet us going or coming on the way to Oklahoma, but most of the other boys want to make single game trips out of it. But I thought since it is getting so close to the scheduling time we

might at least be thinking of our open dates, and incidentally getting them in there where we won't be playing each other within a week or ten days of our previous contest with the same team.

It will be a lot of fun to see you and chew the basketball fat.

With every good wish, I am

Sincerely yours,

FCA:AH

Mr. Forrest C. Allen
Varsity Basketball Coach
University of Kansas
Lawrence, Kansas

Dear Mr. Allen:

Thanks to you for your congratulatory epistle and your well wishes for me and my "Scatters" for the coming year. Yes I do inherit a nice bunch of boys but from the reports that are coming out of Lawrence I understand that you have the finest crop of yearlings that you have had in years so don't you come out and make a prediction for this freshman coach his first year.

I was more than pleased with my new assignment here as basketball coach and think that we (yes I can say we altho it sounds a little boastful) have a swell bunch of men heading the destinies of basketball in this conference. I have always been one of your admirers and consider it a real pleasure to match wits with the "Phog", the wizzard of this comparatively new indoor sport. I have been a little diásapointed in the somewhat bitter feeling that seemed to prevail between you and ----- . I feel this way, that if I can't treat my competitors as gentleman and feel that I have a friend in them, then I'm in the wrong profession. I do believe as we all do that to battle for whatever is right. I hope that in my old age I may look back on our relations as fond memories of years of keen clean competition; of games where sportsmanship was a credit to the game and a genuine friendship with that coach.

Yes Oklahoma and Kansas have had some red-hot basketball games as I well know but as far as the crowds are concerned we could fill the Field House any day of the week and so could you at Lawrence, so I don't think we need any build-up. I would like to make my debut against you here in Norman Jan. 6 or 8th. The first home game under the new coach ect. It would be a swell setting for a record crowd. Let me make my apprenance against you in my first conference game at Norman and then you can have the other game the latter part of the season at Lawrence late in Feb. I will be in Lincoln Thursday nite and we can talk this thing over before the huddle is called..

Sincerely yours,

Bruce Drake

Mr. Bruce Drake,
Basketball Coach,
University of Oklahoma,
Norman, Oklahoma.

Dear Bruce:

Congratulations on your selection as varsity basketball coach at the University of Oklahoma for the year 1939-40, and we hope for the future. You really inherited a nice bunch of boys to start, and I predict that you and your Boy Scouts will cause a lot of trouble. Or are you going to be Scooters this year? What I am afraid of is that they will be Scooters and Shooters!

It is our time to play at Norman first this next year, and I am wondering if it would be possible for you to have us there somewhere along January 20-21, and you to play here some time around February 24-25, or around those dates.

Of course, you and I realize that it is not permissible for any of us to make a basketball schedule before the conference meets for that purpose on May 21 at Lincoln. But since Oklahoma and Kansas have had such a scrap the last few years I believe a date somewhere along near the end of each half of the basketball season will be conducive to great interest and better crowds. I still want to pay the freight on basketball, and added interest will help do it.

Our examination dates are from January 26 to February 2, and we have vacation until enrollment on February 6 and 7; then classes begin on February 8. We have two weeks right out of the heart of our basketball season, and when we take two weeks out at Christmas time we have a month. That makes it difficult to schedule games in continuity.

I will be glad if you will drop me a line upon receipt of this and give me your examination dates so that you and I can arrange the best possible schedule when we get together at Lincoln.

• With best wishes, I am

Sincerely yours,

As far as I am able to plan our schedule at this time we should like to have you up here about January 30, which is a Monday, and would like to plan our trip south about the middle of February, playing you at Lawrence on about February 13. I do not know, of course, if we can work it out this way. Veenk tells me our basketball meeting is slated for Friday morning at 9 o'clock.

Mr. Louis E. Menze,
Basketball Coach,
Iowa State College,
Ames, Iowa.

Dear Louie:

It is our place in basketball to play at Iowa State first next year. I am wondering if you have any notions as to what time you are apt to make your trip down south. If so, I thought you might have an idea as to when you would want to schedule your later trip, and when you would want us at Ames.

I know you are going to be tough on us up there with that sterling bunch of sophomores and your big freshmen. I thought if I had a notion when you wanted to make the southern trip it would rather help me in planning a schedule for our home season.

I know, of course, that schedules are not made until our meeting at Lincoln next Friday night, but I know this - that George is going to want to play his last game at Columbia with Kansas. His last game before the mid-semester examination he always desires to meet Kansas, and he always wants to close with Kansas at Columbia in March.

Are you planning on ending your basketball season on March 4 or 5, or one week later? There is a movement on foot to have a national championship in basketball according to the N.C.A.A. districts, and for that reason I thought we might well know more about that set up. I will perhaps have some word that I can pass along to the coaches confidentially when we meet at Lincoln.

I would like to have you write me a line before our meeting Friday to let me know your slant on when you expect to finish your conference season.

Our love to Mattie and the kiddies. With every good wish,
I am

Sincerely yours,

Dear Dr. Allen:

I want to acknowledge receiving your letter of May 14th and let you know that I will be more than glad to cooperate with you in the suggestion you have to offer. It has been mighty fine of you to play in Lincoln as you have for the past few years and anything you can suggest that we can work out in our schedule making, I assure you we will be glad to do to cooperate with your best interests.

Isn't there some way we can get our group together and work out this schedule before Friday night? If we let this schedule making go until after our banquet, it drags on until the small hours of the morning when we could be enjoying the occasion with the rest of the boys. Why don't you suggest a meeting for Friday morning.

Cordially yours

W. H. Browne

Mr. W. Harold Browne,
Basketball Coach,
University of Nebraska,
Lincoln, Nebraska.

Dear Harold:

I am just writing a letter concerning our tentative basketball schedule for next year. I am wondering if it wouldn't be just as well, since there has been so much interest in our games at Lincoln, for you to play us at your place first next year, and have you come to us for the second game.

I believe that we have played for three years at Lincoln our second game in the playing season with you. We have drawn well and I believe that Kansas-Nebraska will draw pretty well any time we meet. You are getting your crowds educated so they will come out and see a basketball game most any time an attraction is put on that will warrant a lot of interest.

What would you say to our playing Nebraska at Lincoln on January 14, and Nebraska playing at Lawrence, Kansas, on say February 14, or somewhere around there? We prefer a mid-week date, but I believe you like Saturday night best there. Either the 13th or 14th, Friday or Saturday, would suit us fine.

I know that we are not permitted to arrange any sort of a schedule prior to the meeting of the Big Six Conference, but I thought if you would know that we desire to have Nebraska play at Lawrence for the second game next year it might help you in turning over a tentative schedule in your mind. I will appreciate your reaction. Would you drop me a line upon receipt of this and tell me what your ideas are?

Our examinations start on January 26 and end on February 2; then we have enrollment from February 6-7, inclusive, and classes begin on February 8th. Counting our Christmas vacation this takes a month out of our basketball season, and it is difficult to schedule game in continuity with about thirty days taken out.

With every good wish, I am

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Dr. F. C. Allen,
Coach of Basketball,
University of Kansas,
Lawrence, Kan.

Dear Dr. Allen:

When in Lawrence yesterday with the golf and tennis teams I was kept busy near the courts and never had an opportunity to see you. Let us try to get together before the basketball schedules are set and try to arrange approximate dates which will be satisfactory.

Comparison of our two university examination schedules shows a conflict. We start on Saturday, January 21, and run until Saturday, January 28, while you don't start until the 26th and finish on February 2. It looks as if sometime before January 21 will be required. As a date for some consideration I am suggesting Wednesday January 18.

Our indoor track schedule list the Big Six meet as Friday and Saturday, March 3 and 4. I believe that those dates have not yet been accepted by the directors, but those are the ones proposed by Don. Thinking that it might add to your convenience I suggest that our game here be played on Thursday, March 2.

We can make our decision at Lincoln, but am sending these dates for you to be thinking over.

Yours truly,

Geo R Edwards.
George R. Edwards.

May 14, 1938.

Mr. George Edwards,
Basketball Coach,
University of Missouri,
Columbia, Missouri.

Dear George:

I am just wondering, prior to our meeting at Lincoln next Friday, May 20, when would be the best time to play our two basketball games. Perhaps an exchange of ideas between us before we get to the meeting might help us, as Missouri and Kansas have always scheduled games late in January and late in March.

I believe it is our time to play over at your place last, so we would like to have Missouri here, if possible, on January 25. Our examinations start on January 26, and I would like to have this game just before examinations, if possible. I find we have a very long examination period - January 26 to February 2 - and then our enrollment does not begin until February 6 and 7, and classes begin on the 8th. So we have a long two-weeks period in there.

It will be necessary for us to start playing early in January and play as late as possible to enable us to get in any sort of a home schedule before the holidays.

Another question - are you finishing your season on March 3 or 4, or 10 or 11? Of course, if the Big Six track meet is on Friday and Saturday we would be forced to play on Thursday, and that would be on March 2 or 9.

I thought if you would drop me a line regarding your desires it would help us in our tentative schedule; at least, in planning something. I realize that we cannot schedule games before the meeting, but I think it is well to have a general understanding. Will you please send me your examination dates, and so forth?

Thanking you, and with best wishes, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
