

October 6, 1941.

Professor R. Q. Brewster,  
Department of Chemistry,  
University of Kansas.

Dear Dr. Brewster:

I am very glad to know of your willingness to speak to the Lawrence Rotary Club, and I am wondering what your second semester schedule will be. Perhaps we can arrange a more convenient date during the second semester.

I would have to call for you at 12:30, and our meetings run until 1:45, so by the time we returned to the hill it would be close to 2:00 o'clock. Of course we would like to have you down for the luncheon, and want you to stay for the whole meeting.

Let me know how your classes will be for the second semester, and I am sure we will be able to find a date.

Very sincerely yours,

FCA:AH

Director of Physical Education and Recreation,  
Varsity Basketball and Baseball Coach.
