

July 30, 1943.

Col. Wm. C. Washington,
Commandant, R.O.T.C.,
University of Kansas.

Dear Colonel Washington:

I am enclosing a schedule of the time the showers will be available next week for the A-12 boys. You will notice that we have indicated 20-minute periods during the time our students are in class.

The load here is especially heavy at 10:30, but if your boys come at 11:40 the rush will be over. We have also indicated hours on Saturday and Sunday afternoons when the showers are available.

I will appreciate it if you will let us know as soon as possible the hours you desire to have your boys come to the gym. They, of course, are to furnish their own towels at all times. The lockers on the south side will be available for their clothes.

Assuring you of our desire to cooperate with you, I am

Sincerely yours,

FCA:AH

Director of Physical Education,
Varsity Basketball Coach.

Dr. Forrest C. Allen,
Department of Athletics,
Kansas University,
Lawrence, Kansas.

My dear Dr. Allen:

War Department orders indicate an immediate change in the ROTC. It will no longer be called ROTC and students will receive intensified military training which will require the complete time of our instructors. In view of the above, we will be unable to renew our agreement to conduct physical education next semester. We ask that the substitution of two hours drill for two hours physical education be continued for ROTC students.

Sincerely,

James S. Dusenbury

Dear Captain Baker:

Thank you for your kind letter of September 26th listing the training films which you suggest as valuable in our conditioning program. I appreciate very much your kindness in calling these to our attention. Do you have these films in your possession at the present time? We would certainly like to call on you for some of them.

Very cordially yours,

Director of Physical Education,
Varsity Basketball Coach.

Dr. F. C. Allen
Department of Physical Education
University of Kansas, Campus

My dear Dr. Allen:

With reference to our talk Thursday evening, I am listing below the training films which may be of value to you in your training program.

8-33 "First Aid" (Methods of first aid involving aid expedients available under service conditions. The use of the first-aid packet, methods of controlling hemorrhage and protecting wounds. The treatment of fractures. Methods of moving casualties.) This film was released in 1938 and the running time is 33 minutes.

8-150 "First Aid" (This picture shows the treatment of accidents and injuries occurring in everyday military life.) The film was released in 1941 and the running time is 26 minutes.

8-154 "Sex Hygiene" (This film deals with the subject of venereal diseases including their cause, effects, and prevention.) The film was released in 1941 and the running time is 26 minutes.

8-155 "Personal Hygiene" (This film deals with basic principles of personal cleanliness, hygiene and sanitation.) The film was released in 1941 and the running time is 36 minutes.

25-5 "Carbon Monoxide--The Unseen Danger" (A Bureau of Mines picture. Everyday danger in the home and garage from carbon monoxide gas, remedial treatment and preventive measures.) This is an old, silent, picture released in 1931. The running time is 17 minutes.

We shall be on hand Tuesday evening with the film on the conduct of physical training.

Sincerely,

Elverson E. Baker,
Captain, CAC
