

Summary & Conclusion

To a great extent

Realizing this

Research of this type depends upon the accuracy of the observations. Because this was realized to be the case, the observers were carefully selected from ~~and~~ student majors and ^{other} interested students. The same ~~observers were used~~ ^{observers were used} in all the games and ~~there is every reason to believe~~ ^{there is every reason to believe} that the results are very nearly correct.

It is the opinion of the writer ~~that~~ the study has merit because:

1. It points out mistakes made during a game and ~~causes~~ ^{causes} the players to be more conscious of them.
2. It ~~points out~~ ^{stresses} the importance of fundamental ~~game~~ ^{game}.
3. It furnishes an itemized history of the contest.
4. It makes possible a more accurate means of comparing individual and teams.
