

opponent's backboard. He recovered 48 times, as compared to player A's 50 times, and on a basis of recoveries per minute of playing time he is the leader for the team. This player passed the ball 128 times more than he caught it. On the basis of the data gathered this player is a good ball passer and rebound recoverer, which is a great asset to the team. On ball handling he has a very low percentage of errors and has a playing efficiency of 96.4% which makes him the number two man on the squad. His teammates rated him second on offensive ability, and his coach and the freshmen rated him third.

Player D. Center.

Player D was the fourth man on the squad to play over 200 minutes with a total time of 221.5 minutes. He earned 33 score points and 1256 evaluation points, which was fourth high for the squad. While playing he scored 14 goals (28%) and made 5 free throws (62.5%). In ball handling errors he had a low score of 1.9% and was one of the four men to score less than 2% errors. His all-around playing efficiency was 94.9%, which was also fourth for the squad. As far as ball handling was concerned, he was third in the total number of passes and catches. He made 17 more passes than catches. There were only four men on the squad that took fewer shots per minute. The data show that this player handled the ball many times for a low error rate of 1.870. He was second on the squad in evaluation points per minute and that shows he did not shoot too often. On playing efficiency he was the best center on the squad, and the players, the coach and the freshmen all rated him as the number four man.

Player E. Forward.
