

Newton High School whose success is
well known in Kansas - use an elbow smash
to keep their opponent at a distance. Their
prin. & ex. coach admits that if a boy
gets his face too close to one of his boys -
he's going to get it smashed. A Newton
boy with the ball will face his guard.
If his guard approaches too near -
the boy with the ball swings the ball
from right to left, reaching forward
with his elbow and smashes the
guard on the nose & lips. This is
legal according to the rules - Let's change
the rules.
