

RECOMMENDATIONS FROM MIDDLEWEST STATES

Make scorer responsible for determining whether ball left hands before time expired -- Timer is too busy looking at watch.

Also signal for substitution should be sounded by timer.

Player who has clear field to the goal and is fouled but continues his body motion should be allowed goal at the option of the off-fended team.

Difficulty has been reported in connection with certain infractions for which there is no penalty. This applies to a player re-entering the game before a play has ensued and the wearing of illegal numbers.

It is recommended that certain situations connected with double and multiple fouls be cleared up. This applies particularly to the questions and answers under 7-16.

It is recommended that action be taken relative to the following matters: interfering with the net and ring when the ball is not on or in the basket and specifying the proper bouncing reaction of a ball.

There is some sentiment to the effect that a player is too often removed on account of four personal fouls when the infractions are comparatively trivial.
